Hālau ‘o Kapikohānaiāmālama Program Overview

Kamehameha Schools Maui (KSM) is excited to present Hālau ‘o Kapikohānaiāmālama Summer 2024. Translated as the life source that feeds and nourishes, Hālau ‘o Kapikohānaiāmālama offers a vibrant, inclusive, student-centered learning community where we strive to inspire, empower, and nurture all learners that they may grow to become dynamic, innovative, and compassionate individuals – E Ola! The kuleana of the hālau is to cast a wide net of diverse learning possibilities that build cultural competence, a strong growth mindset, critical thinking and resilience in our haumāna. Hālau ‘o Kapikohānaiāmālama emphasizes experiences that develop a student’s aloha for their ‘āina through interdisciplinary courses that are based in ‘ike kūpuna Hawai‘i – traditional Hawaiian knowledge through mo’olelo - stories, mele – song, chants and ‘ōlelo Hawai‘i – Hawaiian language. Unequivocal success in the most basic of education skills (language arts, math, verbal, and science) is an expected outcome when the educational foundation is culturally rich. Hālau ‘o Kapikohānaiāmālama 2024 will be an in-person program and is open to students entering grades K-12, including current Kamehameha Schools students, students attending the State of Hawai‘i DOE, public charter schools, and other private institutions. Kamehameha Schools believes every student has the right to learn in a safe and accepting learning environment and has a responsibility to

facilitate the growth and development of our students in ways that contribute to a strong sense of identity. KS provides appropriate supports for students who wish to express their own gender identity and expression by ensuring equal access to KS school facilities, educational programs, after school or extracurricular activities, and services. Students and families who think they may benefit from this protocol are encouraged to connect with their Dean of Student, School Counselor or Division Administrator.

The Hālau ‘o Kapikohānaiāmālama program offers select credit advancement courses for high school students seeking to earn required and/or elective credit(s). Early college courses allow high school students the opportunity to earn credits toward both high school graduation and a college degree. Students need to obtain approval for course credits from their home schools to ensure acceptance of credit(s) earned. [KSM students can request assistant principal approval for credit courses by submitting the Request of Credit Approval form to Māhele Luna office. This form can be found on the website at: \[www.ksbe.edu/maui/summer\]\(http://www.ksbe.edu/maui/summer\).](#)

Attendance Policy

Absences

Hālau ‘o Kapikohānaiāmālama, KSM Summer School has a strict attendance policy. Daily attendance is critical for students to truly benefit from a rigorous and dynamic summer learning experience and master course materials. Absences due to family trips and vacations, games and/or athletic tournaments are discouraged and students who are unable to commit to the full duration of their registered program should not apply. Students should be in school every day to prepare themselves for the opportunities and challenges presented. Research shows that few factors within students’ and families’ control are more closely associated with academic success than school attendance. Students need to be present in school to benefit from teacher instruction, and from interaction and exchange of ideas with peers. Excessive absences affect the culture of the classroom, where the goal of faculty is to build a vibrant community of learners.

‘A‘ole ‘ulu e loa‘a i ka pōkole o ka lou.

Breadfruit cannot be reached when the picking stick is too short. (There is little chance for success without proper preparation.)

Lower Division (Grades K-5) and Upper Division (Grades 6-8)

Absences will affect student progress. Excessive absences will also lead to disciplinary action which may include a No Pass for the course.

Upper Division (Grades 9-12)

Course credit is awarded based on mastery of the content. If a student misses more than three days, it may be difficult to keep up with assignments and result in a No Pass/No Credit for the course.

Student Evaluations

Students in grades K through 8 will receive a final student progress report with Pass or No Pass, along with a portfolio, as an evaluation of their work. Students in grades 9 through 12 will receive a final report card with letter grades A-F as an evaluation of their work. A copy of the student’s grades for courses can be sent to the school that the student will attend in Fall 2024, as designated.

Lunch and Special Diets

Nutritious lunches prepared in the dining hall and snacks are included in the full-day tuition cost. All full-day students are required to eat school lunches. Students with special dietary needs must bring a physician’s note stating dietary restrictions prior to start date of summer program. Requests will be reviewed on a case-by-case basis.

Now after 40 years of sailing, Hōkūle'a and a new generation of way finders have accomplished what some have thought impossible... A sail around the world! If you are inclined to join in this 2,000 yearlong mo'okū'auhau of voyagers, join us and learn to sail Maui's double-hull voyaging wa'a. Students will be expected to swim frequently.
