## Hālau ‘o Kapikohānaiāmālama Program Overview

Kamehameha Schools Maui (KSM) is excited to present Hālau ‘o Kapikohānaiāmālama Summer 2022. Translated as the life source that feeds and nourishes, Hālau ‘o Kapikohānaiāmālama offers a vibrant, inclusive, student-centered learning community where we strive to inspire, empower, and nurture all learners that they may grow to become dynamic, innovative, and compassionate individuals – E Ola!

The kuleana of the hālau is to cast a wide net of diverse learning possibilities that build cultural competence, a strong growth mindset, critical thinking and resilience in our haumāna.

Hālau ‘o Kapikohānaiāmālama emphasizes experiences that develop a student’s aloha for their ‘āina through interdisciplinary courses that are based in ‘ike kūpuna Hawai‘i – traditional Hawaiian knowledge through mo’olelo - stories, mele – song, chants and ‘ōlelo Hawai‘i – Hawaiian language. Unequivocal success in the most basic of education skills (language arts, math, verbal, and science) is an expected outcome when the educational foundation is culturally rich.

Hālau ‘o Kapikohānaiāmālama 2022 will be a in-person program and is open to students entering grades K-12, including current Kamehameha Schools students, students attending the State of Hawai‘i DOE, public

charter schools, and other private institutions. Kamehameha Schools believes every student has the right to learn in a safe and accepting learning environment and has a responsibility to facilitate the growth and development of our students in ways that contribute to a strong sense of identity. KS provides appropriate supports for students who wish to express their own gender identity and expression by ensuring equal access to KS school facilities, educational programs, after school or extracurricular activities, and services. Students and families who think they may benefit from this protocol are encouraged to connect with their Dean of Student, School Counselor or Division Administrator.

The health and safety of our students and staff is a priority, therefore, class sizes are limited to ensure optimal teacher-to-student ratios while following our local and state COVID-19 orders and guidelines.

As of the publication date of this catalog, KS has safety protocols in place to protect the health and safety of its students and campus learning environments. These protocols are updated according to recommendations from leading health organizations, and guidance from state and county officials based on the current conditions in our communities. Safety protocols can be found at: [https://www.ksbe.edu/back\\_to\\_school/our\\_approach\\_to\\_health\\_and\\_safety/](https://www.ksbe.edu/back_to_school/our_approach_to_health_and_safety/)

### Weekly Covid Testing

- All grade 7-12 haumāna, employees, visitors, vendors, and volunteers are currently required to participate in weekly testing, unless they register as fully vaccinated with Kamehameha Schools or are recovering from having COVID within the past 90 days. Test kits are mailed home to ensure privacy of individuals.
- No one is ever segregated on campus based on vaccine registration status.

### Additional Layers of Protection

- Daily wellness checks for all staff and those students who are not registered with KS as being vaccinated (grades 7-12) or do not currently have access to a COVID vaccine (grades K-6)
- Face masks for everyone, both indoors and outdoors
- Indoor learning spaces and outdoor learning activities have been configured to allow for 3-6 feet distancing where feasible

The Hālau ‘o Kapikohānāiāmālama program offers select credit advancement courses for high school students seeking to earn required and/or elective credit(s). Early college courses allow high school students the opportunity to earn credits toward both high school graduation and a college degree.

*Students need to obtain approval for course credits from their home schools to ensure acceptance of credit(s) earned. KSM students can request principal approval for credit courses by submitting the Request of Credit Approval form to the Kula Ki’eki’e office. This form can be found on the website at: [www.ksbe.edu/maui/summer](http://www.ksbe.edu/maui/summer).*

## Attendance Policy

### Absences

Hālau ‘o Kapikohānaiāmālama, KSM Summer School has a strict attendance policy. **Daily attendance is critical for students to truly benefit from a rigorous and dynamic summer learning experience and master course materials.** Absences due to family trips and vacations, games and/or athletic tournaments are discouraged and students who are unable to commit to the full duration of their registered program should not apply.

Students should be in school every day to prepare themselves for the opportunities and challenges presented. Research shows that few factors within students’ and families’ control are more closely associated with academic success than school attendance. Students need to be present in school to benefit from teacher instruction, and from interaction and exchange of ideas with peers. Excessive absences affect the culture of the classroom, where the goal of faculty is to build a vibrant community of learners.

*‘A’ole ‘ulu e loa’a i ka pōkole o ka lou.  
Breadfruit cannot be reached when the picking  
stick is too short. (There is little chance for  
success without proper preparation.)*

## Lower Division (Grades K-5) and Upper Division (Grades 6-8)

Absences will affect student progress. Excessive absences will also lead to disciplinary action which may include a *No Pass* for the course.

### Upper Division (Grades 9-12)

Course credit is awarded based on mastery of the content. If a student misses in excess of three days, it may be difficult to keep up with assignments and result in a *No Pass/No Credit* for the course.

## Student Evaluations

Students in grades K through 8 will receive a final student progress report with *Pass* or *No Pass*, along with a portfolio, as an evaluation of their work.

Students in grades 9 through 12 will receive a final report card with letter grades A-F as an evaluation of their work. A copy of the student’s grades for courses can be sent to the school that the student will attend in Fall 2022, as designated.

## Lunch and Special Diets

Nutritious lunches prepared in the dining hall and snacks are included in the full-day tuition cost. All full-day students are required to eat school lunches.

Now after 40 years of sailing, Hōkūle'a and a new generation of wayfinders have accomplished what some have thought impossible... A sail around the world! If you are inclined to join in this 2,000 year long mo'okū'auhau of voyagers, join us and learn to sail Maui's double-hull voyaging wa'a. Students will be expected to swim frequently. A water skills training session and test will be administered in this course before the students go on the ocean. There will be 2 scheduled coastal sails that may occur outside of normal class time, in which the students are expected to attend and provide their own transportation in order to earn credit for the course.

The Early College Program offers a curriculum of intensive study for highly motivated and academically qualified sophomores, juniors and seniors. This unique partnership between Kamehameha Schools Maui and the University of Hawai'i-Maui College (UHMC) allows eligible high school students to attend college classes on the KSM campus. **Early college courses allow high school students to earn credits toward high school graduation and a college degree. Students need to obtain approval for course credits from their home schools to ensure acceptance of credit(s) earned. Students cannot enroll in KSM early college courses unless UHMC's Early College Admissions process is completed and all necessary documentation for early admission is submitted to UHMC.**

UHMC instructions and forms pertinent to the Early College Admissions process will be available at [www.ksbe.edu/maui/summer](http://www.ksbe.edu/maui/summer) and must be completed before being considered for any early college courses.

To qualify for the UHMC program, students must complete the Early College Admissions process which includes:

- UHMC Online Admissions Application
- Consent to Release Grades for Early Admit

Scores for the UH Maui Accuplacer test(s) are valid for one year from the date the test is completed. Students should contact UHMC directly to make arrangements to take the Accuplacer test(s). UHMC charges a fee when a student takes the Accuplacer test.

Once you have completed the UHMC Early College Admissions process, your application will be reviewed. Upon approval, KSM will work with UHMC to ensure students receive his/her acceptance notification. Students will be responsible for creating a UHMC username and completing UHMC's online registration for their UHMC selected course.

Early college courses are taught by UHMC professors. Coursework is rigorous, and students are expected to meet all college course expectations and requirements.
