INFOGRAPHIC SUMMARY

The Kamehameha Schools (KS) Regional Data Book provides an overview of community elements that shape the living and learning environment for Native Hawaiians in the Kaua'i & Ni'i'hau Region. The Regional Data Book seeks to establish a set of meaningful, available, and consistent indicators to inform KS decision makers and other personnel with respect to a KS Region. Information regarding socioeconomic conditions (population, income/employment, assistance, cost of living, and physical and emotional wellbeing), education (students, academic achievement, and teachers), and stakeholders and collaborators (landowners and regional infrastructure) all inform and impact student educational outcomes and investments made to improve education in the Region. The infographic summary below provides a snapshot of region-specific data about the Kaua'i & Ni'i'hau Region.

**THE REGIONAL DATA BOOK:
A SUPPORT TOOL FOR REGIONAL ACTION PLANNING**

The Regional Data Book is a tool that supports decision makers at Kamehameha Schools (KS) in integrated and cooperative decision making across the organization, in fulfillment of the Strategic Vision 2040 (SV2040), Strategic Plan 2015-2020 (SP2020), and its affiliated plans.

The Regional Data Book will support regional action planning by providing regional leadership with a holistic picture for a given Region. The Regional Data Book does not provide the answers; it guides inquiry. Regional leadership utilizes the Regional Data Book to consider the activities and characteristics, internal and external to KS, that impact the organization's ability to achieve its mission and vision and identify potential opportunities for KS to leverage its assets and partnerships for collective impact while reducing operational risk.

THE KS VISION, AS EXPRESSED IN THE STRATEGIC VISION 2040, IS:

“WITHIN A GENERATION OF 25 YEARS, WE SEE A THRIVING LĀHUI WHERE OUR LEARNERS ACHIEVE POSTSECONDARY EDUCATIONAL SUCCESS, ENABLING GOOD LIFE AND CAREER CHOICES. WE ALSO ENVISION THAT OUR LEARNERS WILL BE GROUNDED IN CHRISTIAN AND HAWAIIAN VALUES AND WILL BE LEADERS WHO CONTRIBUTE TO THEIR COMMUNITIES, BOTH LOCALLY AND GLOBALLY.”

1

REGIONAL OVERVIEW

MAP 1: KS Regional Delineation

THERE ARE 9 REGIONAL DATA BOOKS—ONE FOR EACH OF THE 9 KS REGIONS.

THE REGIONAL DATA BOOK IS ORGANIZED INTO FIVE MAIN SECTIONS

Regional Overview orients the reader to KS' regional approach and the specific region being covered.

1

Regional Overview

Wellbeing in the Region discusses those factors outside the school walls that impact Native Hawaiian communities.

2

Wellbeing in the Region

Education in the Region discusses those factors within school walls that are related to the KS SP2020 Goals and milestones.

3

Education in the Region

Stakeholders and Collaborators in the Region identifies key stakeholders and collaborators in the Region, including their organizational foci and current and planned activities within the Region.

4

Stakeholders and Collaborators in the Region

Regional Lands provides information on Major Landowners, KS Lands, and Land Use Classifications.

5

Regional Lands

READING THE REGIONAL DATA BOOK

The Regional Data Book is a support tool for regional action planning. As previously discussed, the Book is intended to provide the reader/decision-maker with a point-in-time view into a particular Region's physical, socioeconomic, and educational characteristics; the major stakeholders within a Region; and the current KS activity in the Region. The Books for all regions are formatted with a consistent structure for ease of review across multiple Books.

POTENTIAL USES OF THE REGIONAL DATA BOOK INCLUDE:

AS A REGIONAL OVERVIEW

The Regional Data Book, as a whole, is intended to provide the reader with a holistic point-in-time view of a Region. Reading through the document will provide the reader with an overall understanding of the Region and the current state of affairs within the Region.

TO IDENTIFY A PARTICULAR DATA POINT

Data are presented in various forms throughout the Regional Data Book—tables that capture granular data as well as infographic or visual forms that display larger regional indicators and comparisons. The reader can dig even deeper into data that he/she has found compelling by going straight to the data source.

TO CONSIDER A SPECIFIC ISSUE AREA

A reader could read through the entire Regional Data Book with a specific issue area in mind (for example, Hawaiian immersion schooling) and consider each of the data points within the sections and how they may relate to the successful execution of the reader's goal. Synthesis provided in the document may provide specific connections for the reader to consider, or provide a guide to how the reader might determine other connections not yet identified, and particularly those related to his/her area of interest.

TO IDENTIFY INTERNAL OPPORTUNITIES

KS staff working in a Region should be able to find their work and partnerships captured within the Regional Data Book data. KS staff may also use the Regional Data Book and its approach to consider how their work aligns with and enhances the work of other KS staff in the Region.

TO IDENTIFY EXTERNAL COLLABORATION OPPORTUNITIES

The reader may use the Regional Data Book to identify significant stakeholders with whom they could collaborate. The Regional Data Book may also generate conversations resulting in the identification of other relevant stakeholders to consider for partnership.

FOR REGIONAL ACTION PLANNING TEAMS AND DECISION MAKING

Each Regional Data Book presents a view on a Region that may be used by regional planning teams as planning efforts commence and evolve. The Regional Data Book may also be used as a discussion starter, a reference data book, and a means of identifying trends and points of interest for further research and consideration.

FIGURE 1: Regional Data Book Approach

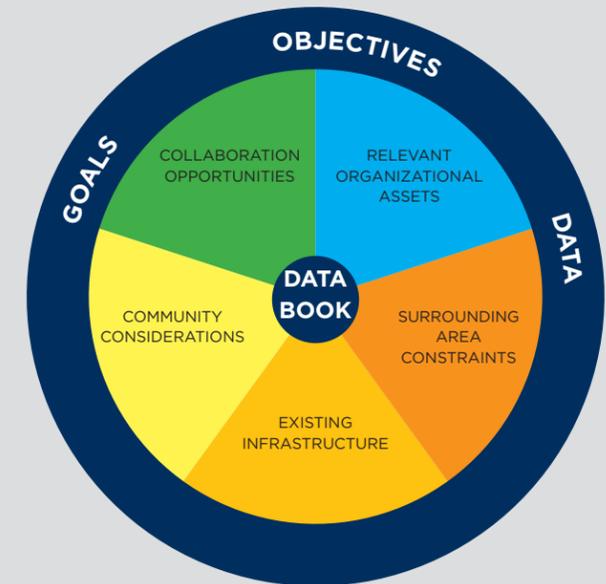

Figure 1 Regional Data Book Approach outlines the internal and external goals, objectives, and data captured by the Regional Data Book for consideration in decision-making. The goals, objectives, and data herein include:

- Collaboration opportunities
- Relevant organizational assets
- Surrounding area constraints
- Existing infrastructure
- Community considerations

KAUA'I & NI'HAU REGION OVERVIEW

This section provides a brief overview of the Region—the location of KS' lands, the context of KS' legacy lands, and the State of Hawai'i Department of Education (DOE) complex delineations and U.S. Census boundaries for which data is provided herein.

Map 2 Regional Overview depicts transportation systems, significant landowners, DOE complex boundaries, and KS-owned lands in the Region.

HAWAII DEPARTMENT OF EDUCATION (DOE) COMPLEX AREAS AND COMPLEXES IN THE REGION

The Region encompasses two DOE complex areas: Kapa'a-Kaua'i-Waimea. The Complex Area includes four complexes: Kapa'a, Kaua'i, and Waimea. Additional information on the complex areas is included in Section 3 Education in the Region.

REGIONAL FEDERAL, STATE, AND COUNTY LANDS

The State owns and manages about 135,944 acres, and DHHL manages about 19,491 acres in the Region. Landowners and potential partners are described further in Section 4 Stakeholders & Collaborators in the Region.

ELECTED OFFICES

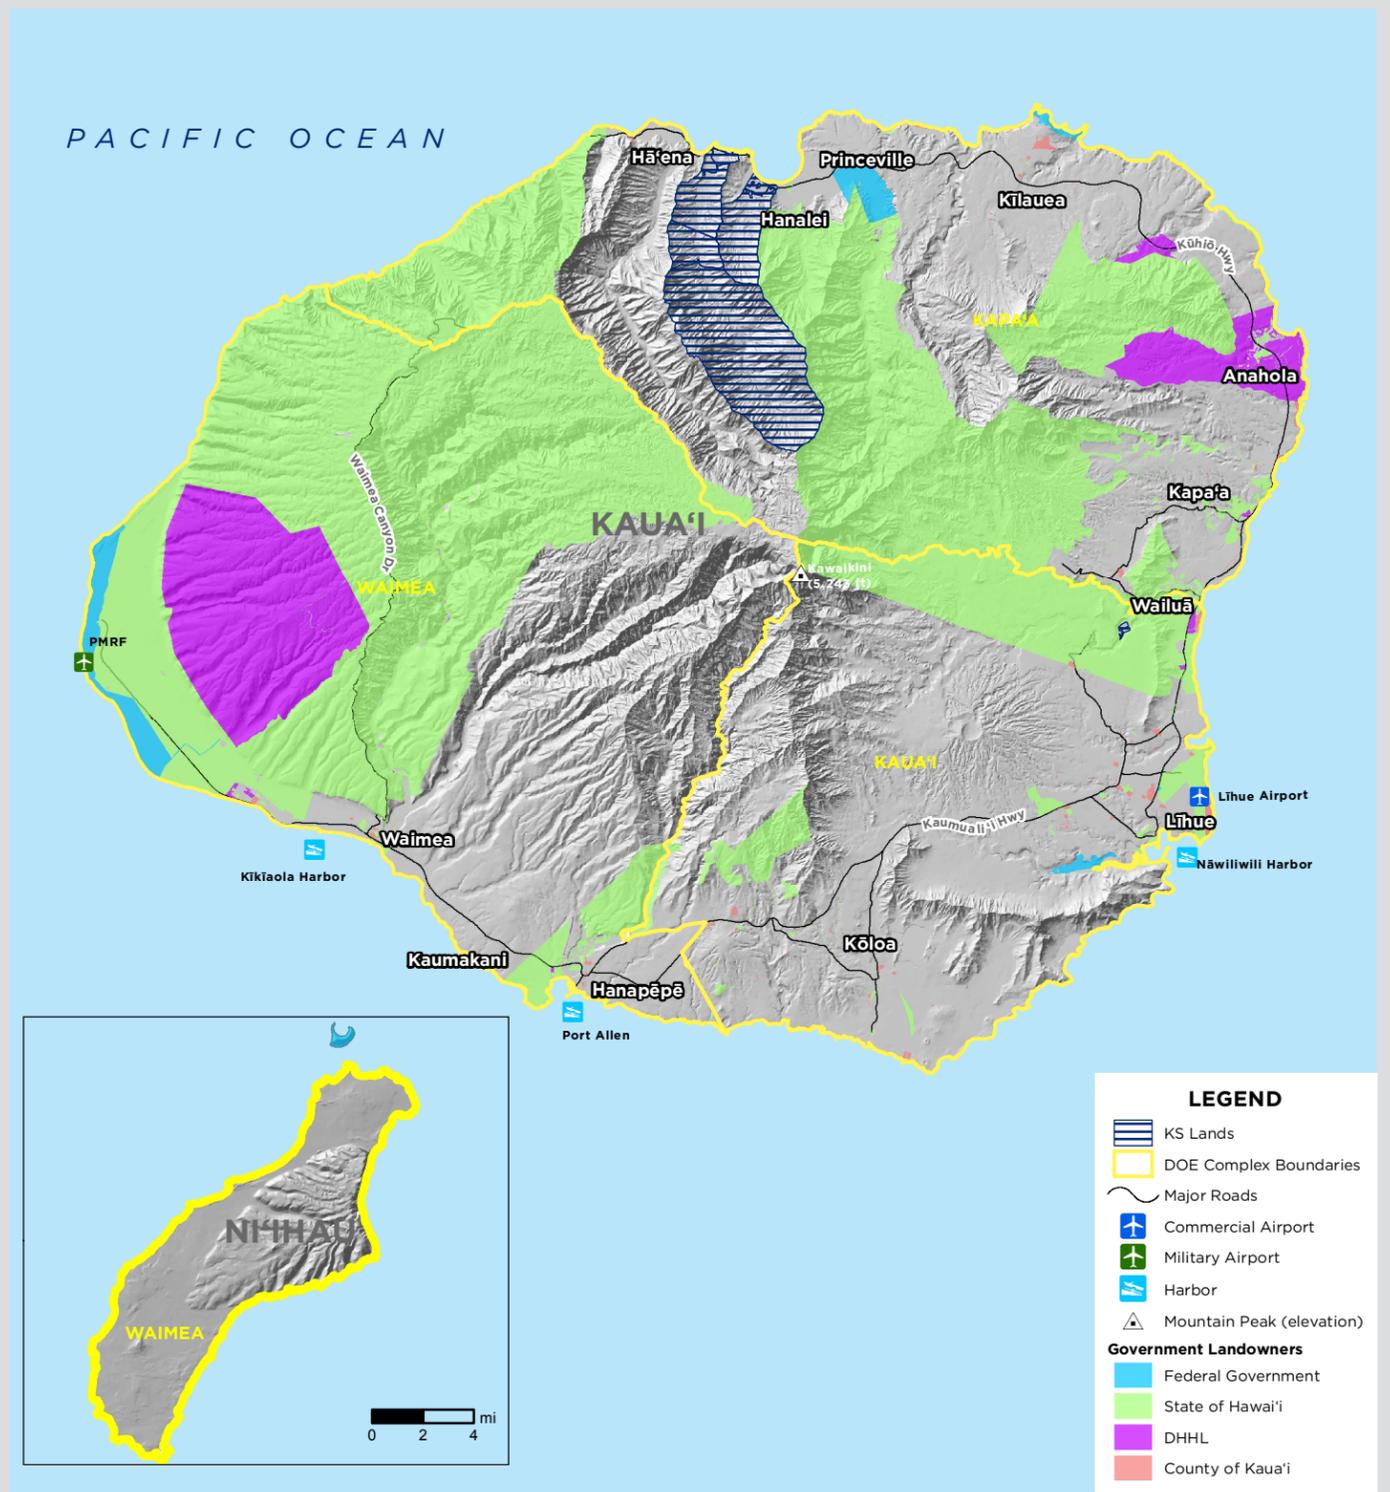

The elected officeholders listed in Table 1 Regional Federal, State, and County Elected Offices are current as of April 2017. The table's presence in the document does not constitute endorsement of any individuals but rather identifies offices for KS planning purposes only.

TABLE 1: Regional Federal, State, and County Elected Offices

LEVEL	OFFICE	DISTRICT/AREA	NAME	TERM ENDS
FEDERAL	U.S. SENATOR	US SD1	Mazie Hirono	January 2019
		US SD2	Brian Schatz	January 2023
	U.S. CONGRESSIONAL REPRESENTATIVE	US CD1	Colleen Hanabusa	January 2019
		US CD2	Tulsi Gabbard	January 2019
STATE	GOVERNOR	STATE OF HAWAII	David Ige	December 2018
	LT. GOVERNOR	STATE OF HAWAII	Shan Tsutsui	December 2018
	OHA TRUSTEE	KAUA'I and NI'HAU	Dan Ahuna	November 2020
		STATE OF HAWAII	Keli'i Akina	November 2020
		STATE OF HAWAII	Rowena Akana	November 2018
		STATE OF HAWAII	John Waihe'e IV	November 2020
		STATE OF HAWAII	Leina'ala Ahu Isa	November 2018
	STATE SENATOR	SD8	Ronald Kouchi	November 2020
	REPRESENTATIVE	HD14	Nadine Nakamura	November 2018
HD15		James Tokioka	November 2018	
HD16		Dee Morikawa	November 2018	
COUNTY	MAYOR	KAUA'I COUNTY	Bernard Carvalho	November 2018

U.S. CENSUS DATA FOR THE REGION

2010 AMERICAN COMMUNITY SURVEY (ACS)

A primary data source for the Data Book is the U.S. Census. Census data are primarily drawn from the 2010 American Community Survey (ACS). At the time of publication, the 2010 Census data contained the most robust data for the Native Hawaiian population.

NOTES ON THE 2010 ACS DATA:

- Native Hawaiian census data were identified using the census population group “Native Hawaiian alone or in any combination.” This selection most closely resembles the KS definition of its beneficiaries. This is a self-reported measure and counts individuals who identify their ancestry to be fully or partially Native Hawaiian.
- Within each Region, data are presented and organized by Census Designated Place (CDP). CDPs are defined as “settled concentrations of population that are identifiable by name but are not legally incorporated under the laws of the state in which they are located. CDPs are delineated cooperatively by state and local officials and the Census Bureau, following Census Bureau guidelines” (U.S. Census Bureau, n.d.).

Refer to *Section 7 Appendix* for an expanded discussion on U.S. Census data.

2

WELLBEING IN THE REGION

Section 2 Wellbeing in the Region presents aspects within the community, often outside of the school walls, that are pre-determinants of Native Hawaiian wellbeing and educational success. These factors, which draw on the KS Ka Huaka'i framework, are enablers of educational success and represent the various levers that may be used to improve educational outcomes. Consideration of trends across these domains that are outside the school walls provides KS with a holistic understanding of the characteristics of the Region that may positively and negatively impact the outcomes of educational programs.

Material and economic wellbeing includes income, employment, and housing within the context of cost of living and affordability. Physical, social, and emotional wellbeing includes disease incidence, maternal and child health, and access to healthcare, and—from the Native Hawaiian perspective—it is reliant on a balance of all sources of wellbeing, including spirituality, language, cultural practice, and connection to the natural environment.

Material and economic challenges may impact the ability of a school, community, and 'ohana to support a student's educational achievement, as well as a student's ability to focus on or financially support the training necessary to realize his or her education and life aspirations. The aspirations of a community, 'ohana, or individual may be impacted by the physical and institutional infrastructure that surrounds them in the Region, including the types of employment and training offered; social supports; transportation; land uses that are available, accessible and visible; and current and planned development that shapes the regional environment. The goals of significant stakeholders that influence this regional physical and institutional infrastructure have the ability to hinder or support the material and economic wellbeing of a community as well as the ability of the community to reach shared and individual aspirations.

Immediate physical, social, and emotional wellbeing challenges may impact a community, 'ohana, and student's ability to focus on longer-term educational and life goals, as well as a school's ability to sufficiently support a student toward educational success. Overall wellbeing, spirituality, and connection to the natural environment support Native Hawaiian celebration of identity, cultural vibrancy, and resiliency in the face of many types of challenges and culture-based education delivered by culturally aware educators has been positively related to socio-emotional wellbeing, which is positively linked with math and reading test scores (Kana'iaupuni, Ledward, & Jensen, 2010).

Additionally, available, accessible, and visible social supports along with access to land and appropriate facilities have the ability to both affect the physical and emotional wellbeing of a community and be utilized as levers in the provision of relevant educational practice. Just as they impact material and economic wellbeing, the goals of significant stakeholders that influence the physical and institutional infrastructure in a region can hinder or support the achievement of physical, social, and emotional wellbeing of the Region's community.

2010

2010 NATIVE HAWAIIAN POPULATION

2010 NATIVE HAWAIIAN POPULATION

- 289,970 STATE
- 16,127 REGION

Source: KS Regional Prioritization Table, Strategy & Innovations Group (S&I), Kamehameha Schools, 2014.

The following pages present data on the Native Hawaiian population based upon 2010 census data. *Map 5: Statewide Native Hawaiian Population Density "Heat Map" and Map 6: County/Region Native Hawaiian Population Density "Heat Map"* are Native Hawaiian population density heat maps for the state, and the relevant county and region. The "heat maps" present Native Hawaiian density data based upon a population model grounded in census CDP and census tract data that counts all Native Hawaiians in an area. It should be noted that:

- The heat maps may not include small Native Hawaiian populations (such as on DHHL lands) that fall below the model's threshold of 50 people per 1,000 acres.
- Each heat map displays Native Hawaiian population numbers scaled to the area represented in the particular map (state, county, or region).
- Native Hawaiian population numbers in *Maps 5 and 6* are sums of the population numbers present in the relevant CDPS and do not capture the total Native Hawaiian populations present.

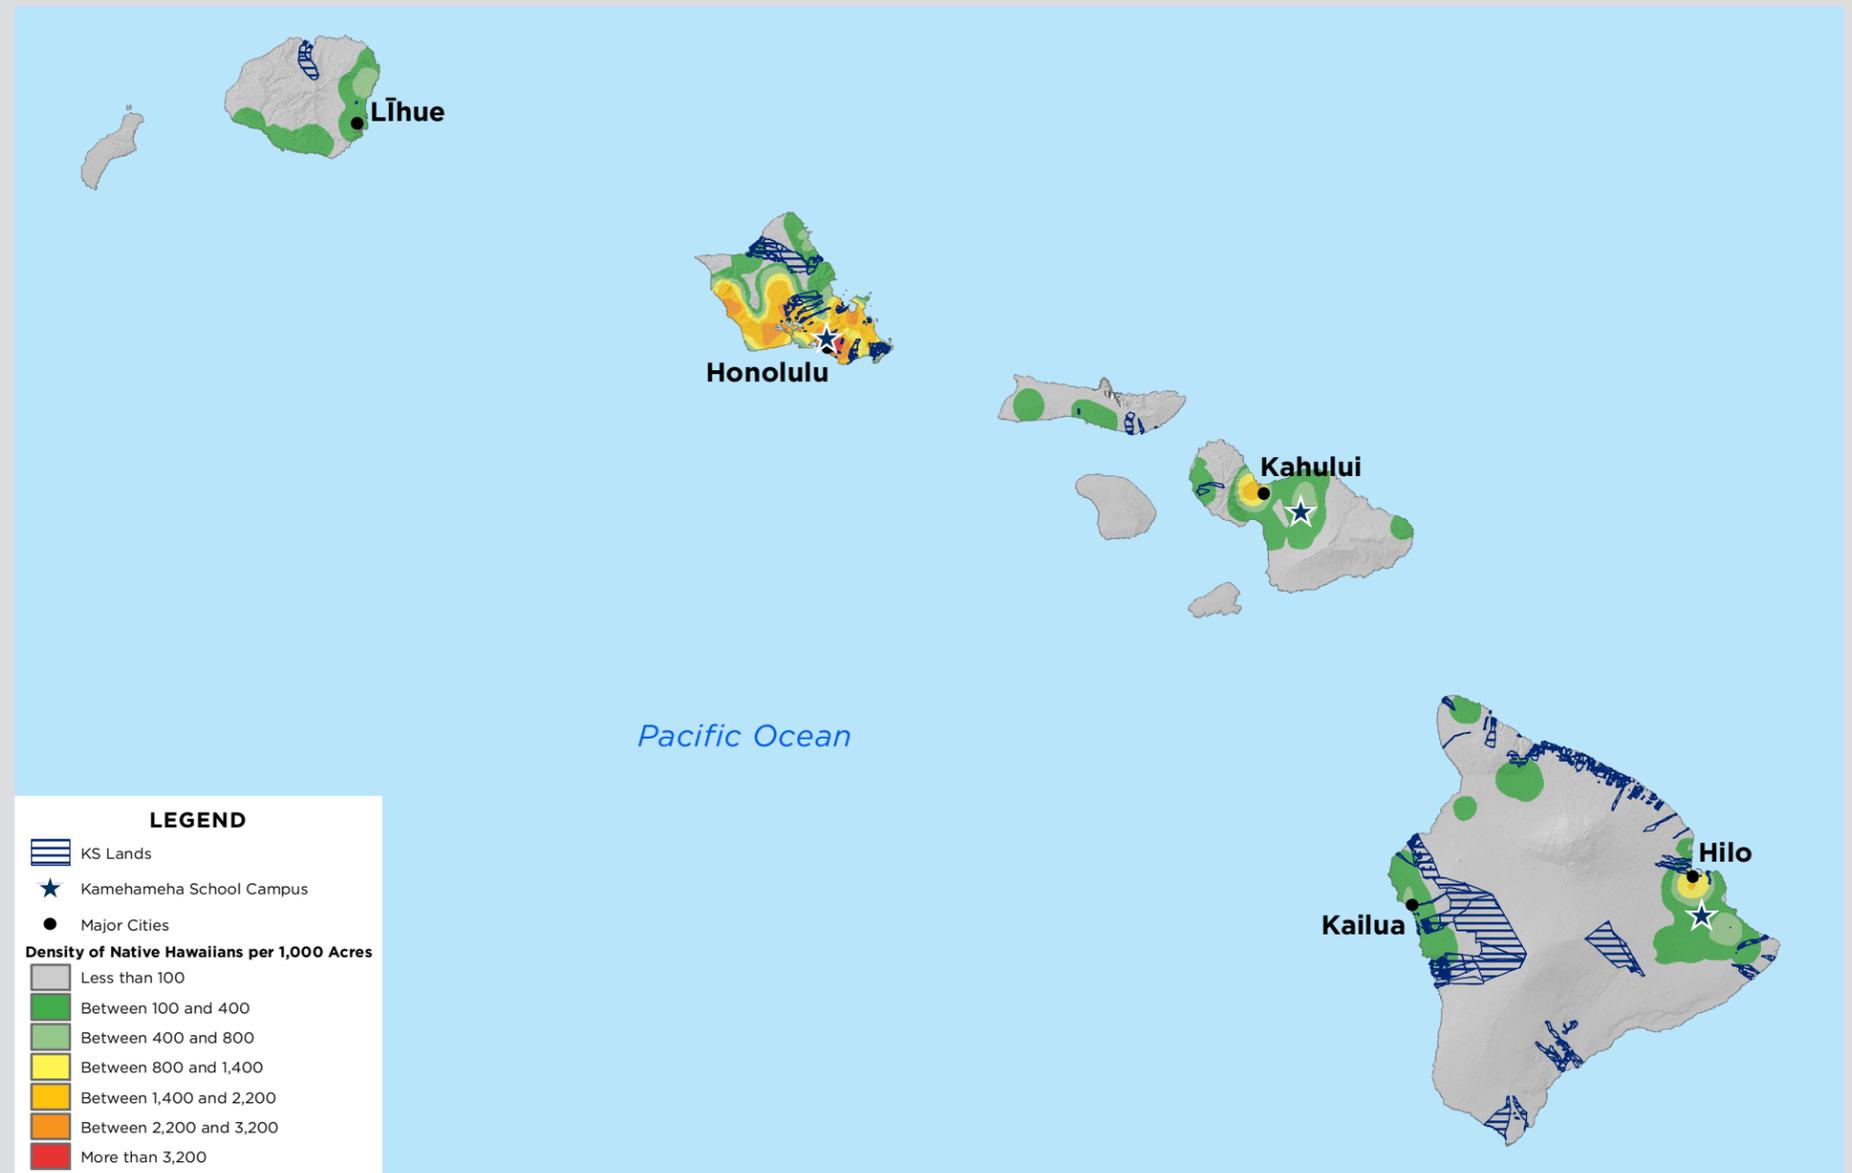

FOR DISCUSSING NATIVE HAWAIIAN POPULATIONS, THE FOLLOWING DEFINITIONS ARE USED:

$$\text{DISTRIBUTION} = \frac{\text{NATIVE HAWAIIAN POPULATION}}{\text{TOTAL NATIVE HAWAIIAN POPULATION}}$$

$$\text{CONCENTRATION} = \frac{\text{NATIVE HAWAIIAN POPULATION}}{\text{TOTAL POPULATION}}$$

$$\text{DENSITY} = \frac{\text{NATIVE HAWAIIAN POPULATION}}{\text{AREA (E.G., PER 1,000 ACRES)}}$$

MAP 5: Statewide Native Hawaiian Population Density "Heat Map"

2015-2040

2015-2040 NATIVE HAWAIIAN POPULATION

This and the following page present a forecasted Native Hawaiian population between years 2015-2040.

The model used to produce these projections was developed by Strategy & Innovation Group (S&I). Note that the model's projections hold constant the existing distribution of Native Hawaiians across the state and among age groups. Factors such as migration, urbanization, and economic activity may impact the Native Hawaiian population during the span of years from 2015 to 2040, but this is not captured in the projection.

TABLE 3: Statewide Projected Native Hawaiian Population by Age Groups (2015 - 2040)

MATERIAL & ECONOMIC WELLBEING

FIGURE 4: Material and Economic Wellbeing Summary

MEAN & MEDIAN HOUSEHOLD INCOME

Mean & median household income in the past 12 months.

Household income: Includes income of the householder and all other people 15 years and older in the household, whether or not they are related to the householder (ACS, 2012).

Mean & median household income: "Median income is the amount which divides the income distribution into two equal groups, half having income above that amount, and half having income below that amount. Mean income (average) is the amount obtained by dividing the total aggregate income of a group by the number of units in that group" (U.S. Census Bureau, 2010).

POVERTY

Households with income in the past 12 months below poverty level - all families.

The 2010 Census Poverty Threshold for a family of two adults and two children nationwide was \$22,113 (U.S. Census Bureau, 2010).

UNEMPLOYMENT

Percent of civilian labor force, unemployed, as a percentage of the total population 25-64 years old.

CASH PUBLIC ASSISTANCE

Percentage of households receiving cash public assistance within the last 12 months.

Public assistance income provides cash payments to poor families and individuals and includes Temporary Assistance to Needy Families (TANF) and General Assistance. (ACS, 2012).

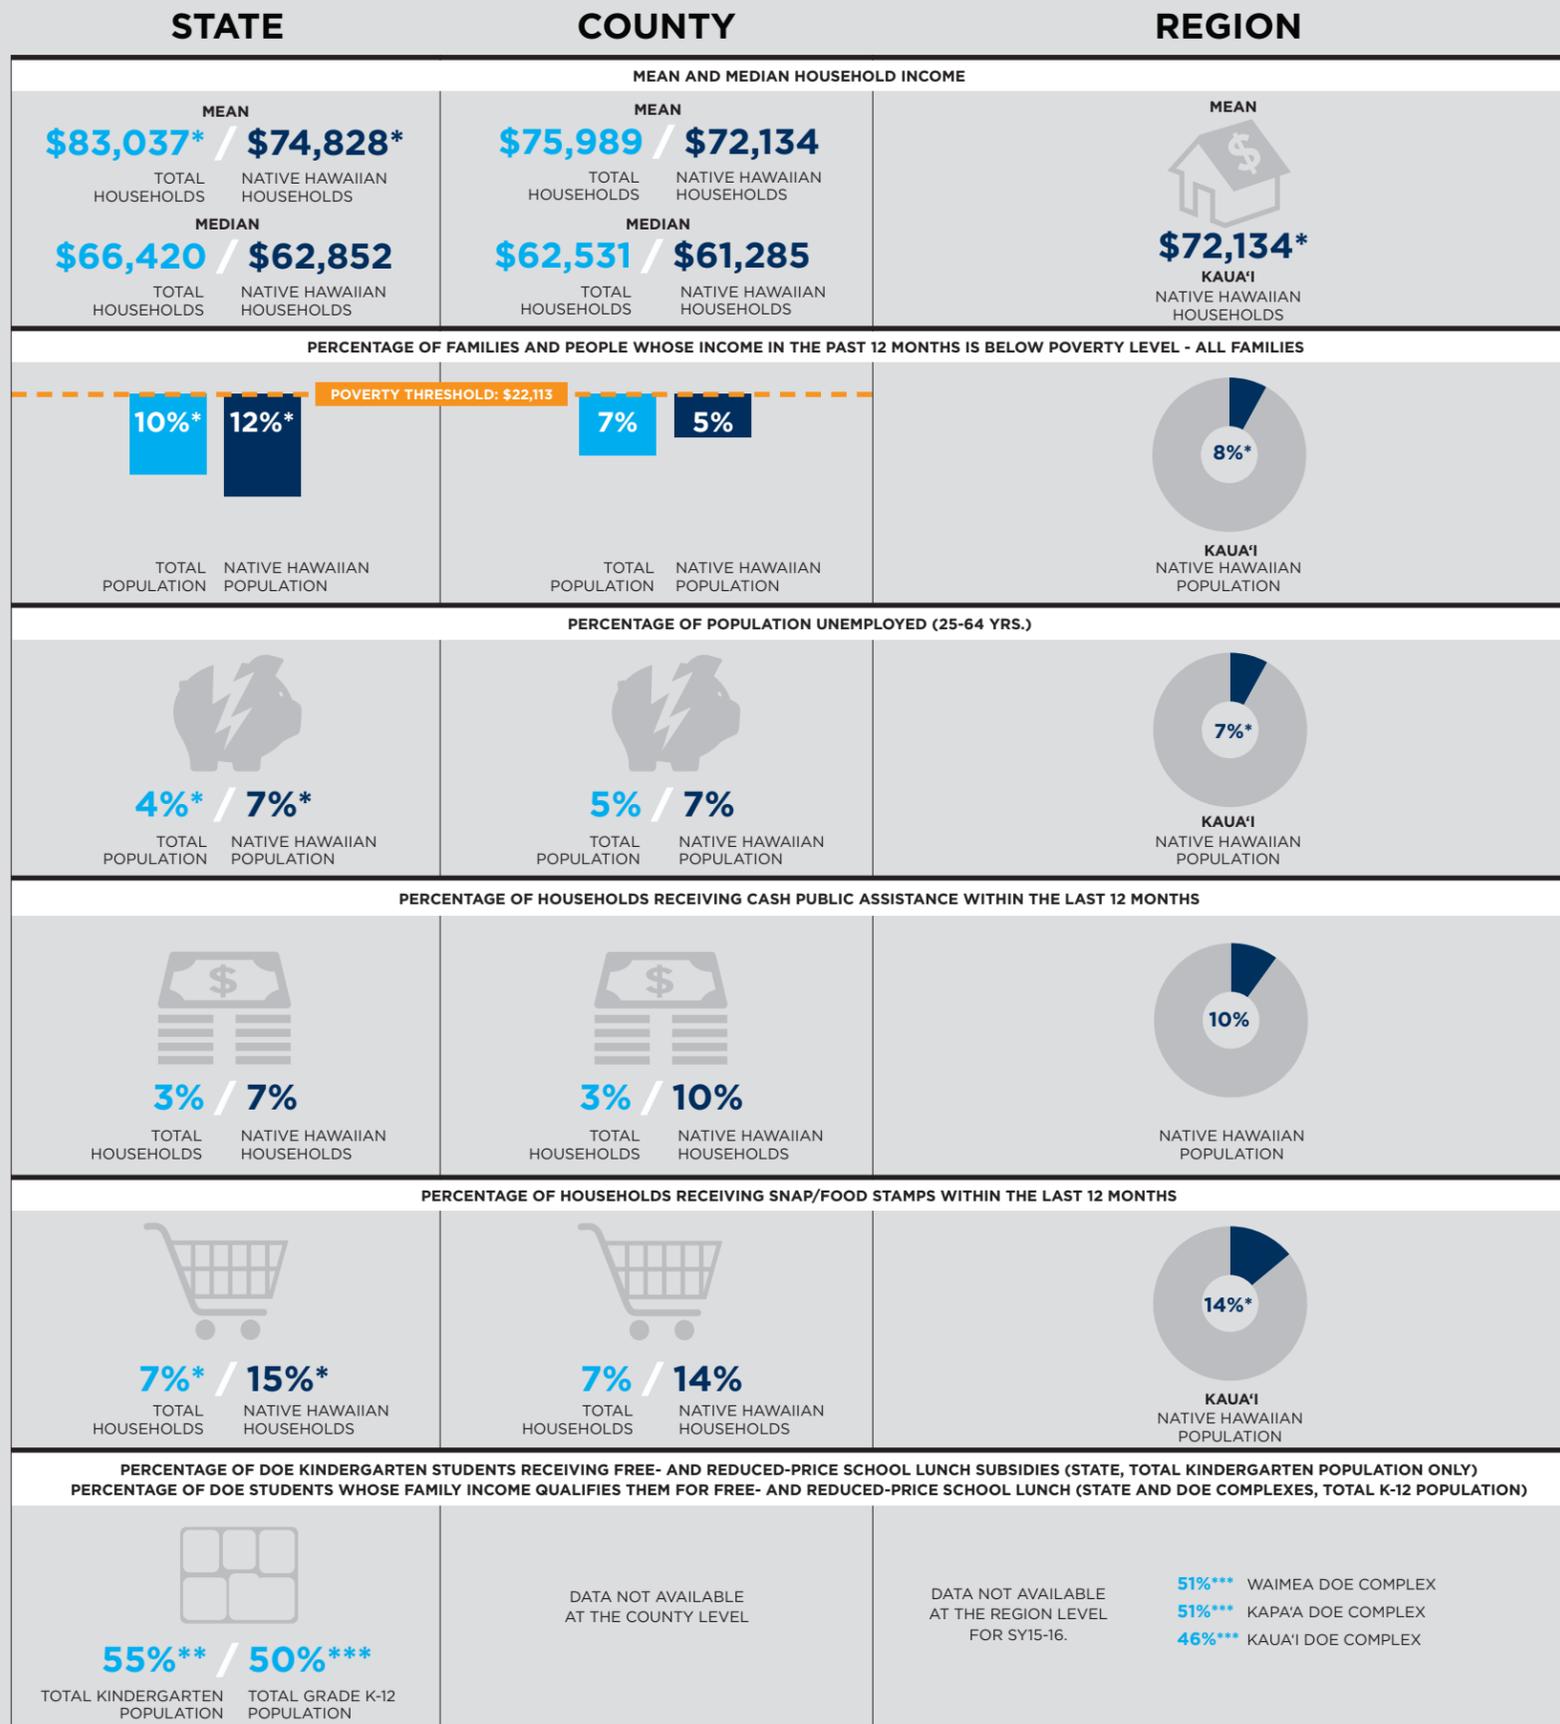

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

Percentage of households receiving food stamps within the last 12 months.

FREE AND REDUCED-PRICE SCHOOL LUNCH

The Free and Reduced-Cost Lunch Program indicator captures the percent of students whose family income qualifies them for the program.

The free and reduced-cost lunch figures indicate the poverty level of a school-community (DOE Guide to Understanding Trend Reports, 2014).

CONNECTION TO EDUCATIONAL OUTCOMES

Median Household Income

Poor educational outcomes have been linked with the economic backgrounds of students at all levels of education. These outcomes have been linked, at the individual student level, to conditions such as early literacy, home learning environment, sleep, school attendance, and mobility, which can all be related to and impacted by a family's income level (Australian Journal of Education, 2013; University of Cincinnati Evaluation Services Center, 2004).

Poverty

Children in families whose income falls below 200% of the federal poverty level (roughly two times the amount of the census poverty level) perform well below average on their Reading, Math, and general knowledge tests scores compared to children living in families whose income falls above 200% of the federal poverty level (University of Cincinnati Evaluation Services Center, 2004).

Notes/Sources for data included in the Material and Economic Wellbeing Summary figures on this and the following page: Data marked with an * is sourced from the U.S. Census Bureau 2010 American Community Survey (ACS) and compiled by the Kamehameha Schools Strategy & Innovations Group (S&I) into the KS Regional Prioritization Table, 2014. Data marked with an ** is sourced from the Hawai'i Department of Education Hawai'i State School Readiness Assessment (HSSRA), SY13-14. Data marked with an *** is sourced from the Hawai'i Department of Education Trend Report, SY15-16. All other data points are sourced from the U.S. Census Bureau 2010 American Community Survey (ACS). State, County, and Region-level data have been rounded to the nearest whole number.

SNAP

Access to the Supplemental Nutrition Assistance Program (SNAP) has been shown to improve health and educational outcomes, including a higher likelihood to graduate from high school (Center on Budget and Policy Priorities, 2014).

MATERIAL & ECONOMIC WELLBEING (CONT'D)

FIGURE 4: Material and Economic Wellbeing Summary (cont'd)

FAMILY HOUSEHOLDS

Family households “have at least two members related by birth, marriage, or adoption, one of whom is the householder. [They] are maintained by married couples or by a man or woman living with other relatives” (Vespa, Lewis, & Kreider, 2013).

SINGLE PARENT HOUSEHOLDS

A single-parent household is composed of a single parent with one or more never-married children under 18 years old.

HOMEOWNERSHIP

Percentage of population that owns their home.

MOBILITY

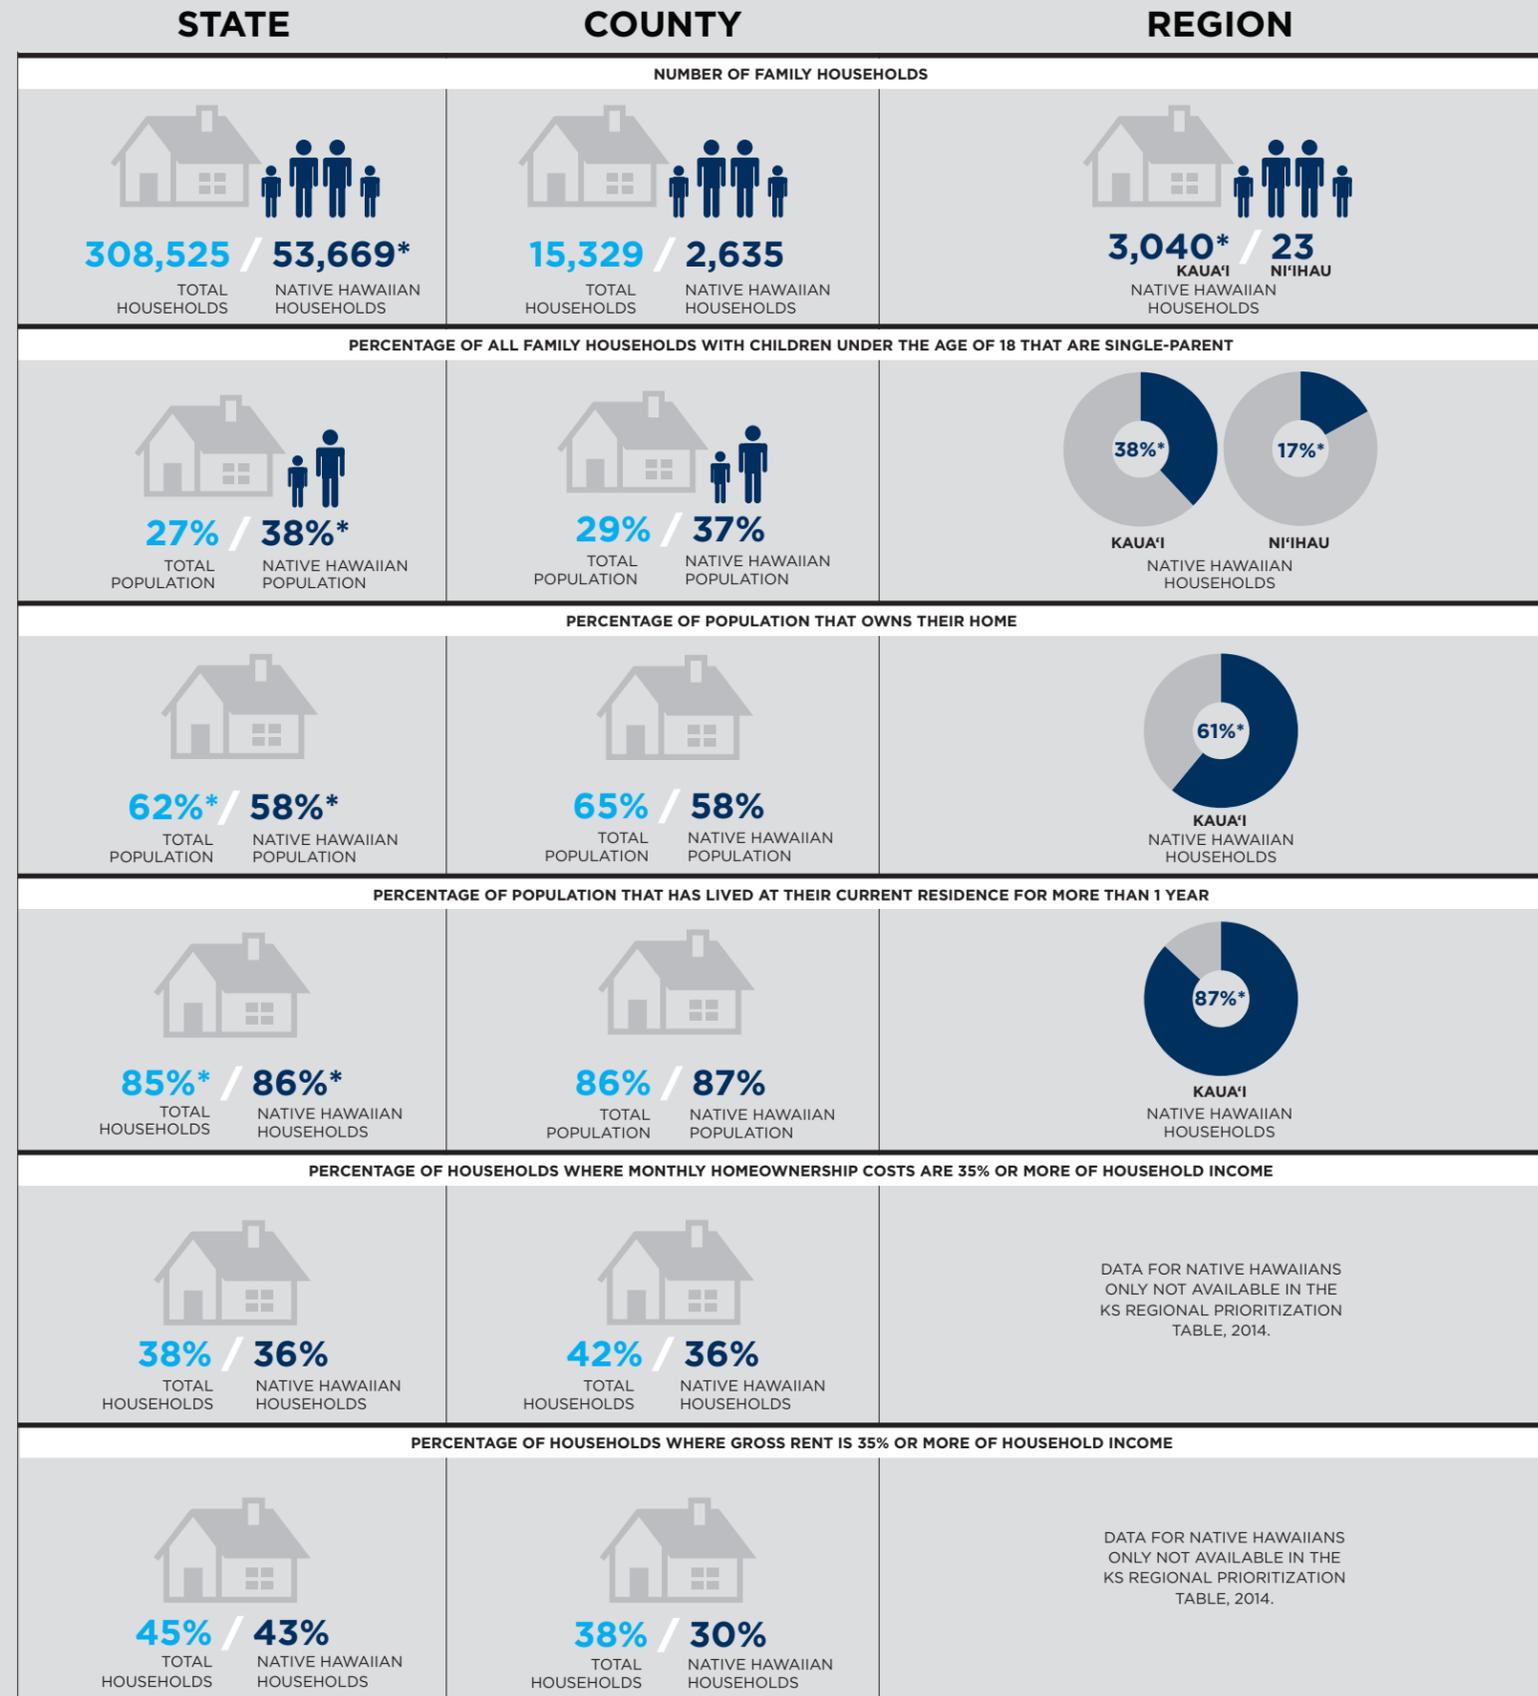

Percentage of population that has lived at their current residence for more than one year.

HOMEOWNER COSTS

Percentage of households where monthly homeownership costs are 35% or more of household income.

RENTER COSTS

Percentage of households where gross rent is 35% or more of household income.

CONNECTION TO EDUCATIONAL OUTCOMES

Single-Parent Households

“Research shows that children from single-parent families are less successful academically (e.g., test scores, grades) and have lower levels of educational attainment (e.g., college enrollment and completion) than are students in married-couple families. This may not be surprising given the challenges single parents face as the sole providers of income and caregiving within their families. However, claims about the extent to which this disparity can be explained by other correlates, such as income and educational attainment of parents, differ from one study to the next (Painter and Levine 1999; Biblarz and Raftery 1999; Sandefur and Wells 1999; Mulkey, Crain, and Harrington 1992; Grissmer et al. 1994).” Ka Huaka'i, Native Hawaiian Educational Assessment, 2014.

Mobility

Students that change schools for non-grade-promotion reasons contribute to “student mobility.” Frequent transfers between schools during the school year place students at a greater risk for academic and behavioral difficulties. Research has shown that student mobility and achievement can also be correlated to students’ background characteristics such as a student’s race and family income (Editorial Projects in Education Research Center, 2004).

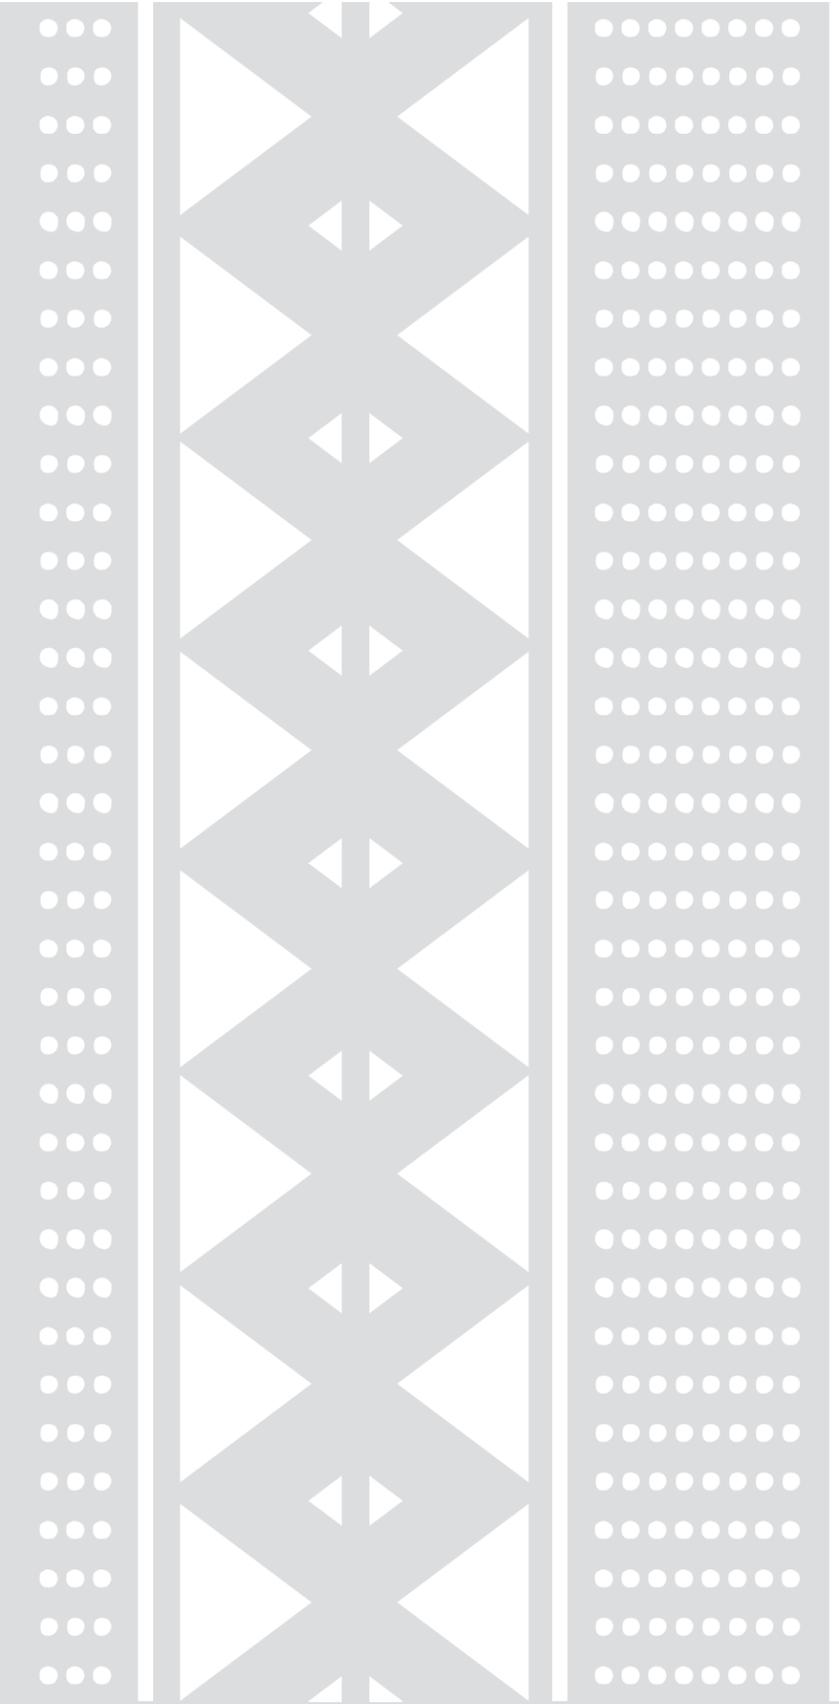

Homeowner Costs

High costs for housing and transportation contribute to a family’s ability to be economically self-sufficient. The U.S. Department of Housing and Urban Development states, “Families who pay more than 30 percent of their income for housing are considered cost-burdened and may have difficulty affording necessities such as food, clothing, transportation, and medical care” (HUD Affordable Housing, 2014).

MATERIAL & ECONOMIC WELLBEING (CONT'D)

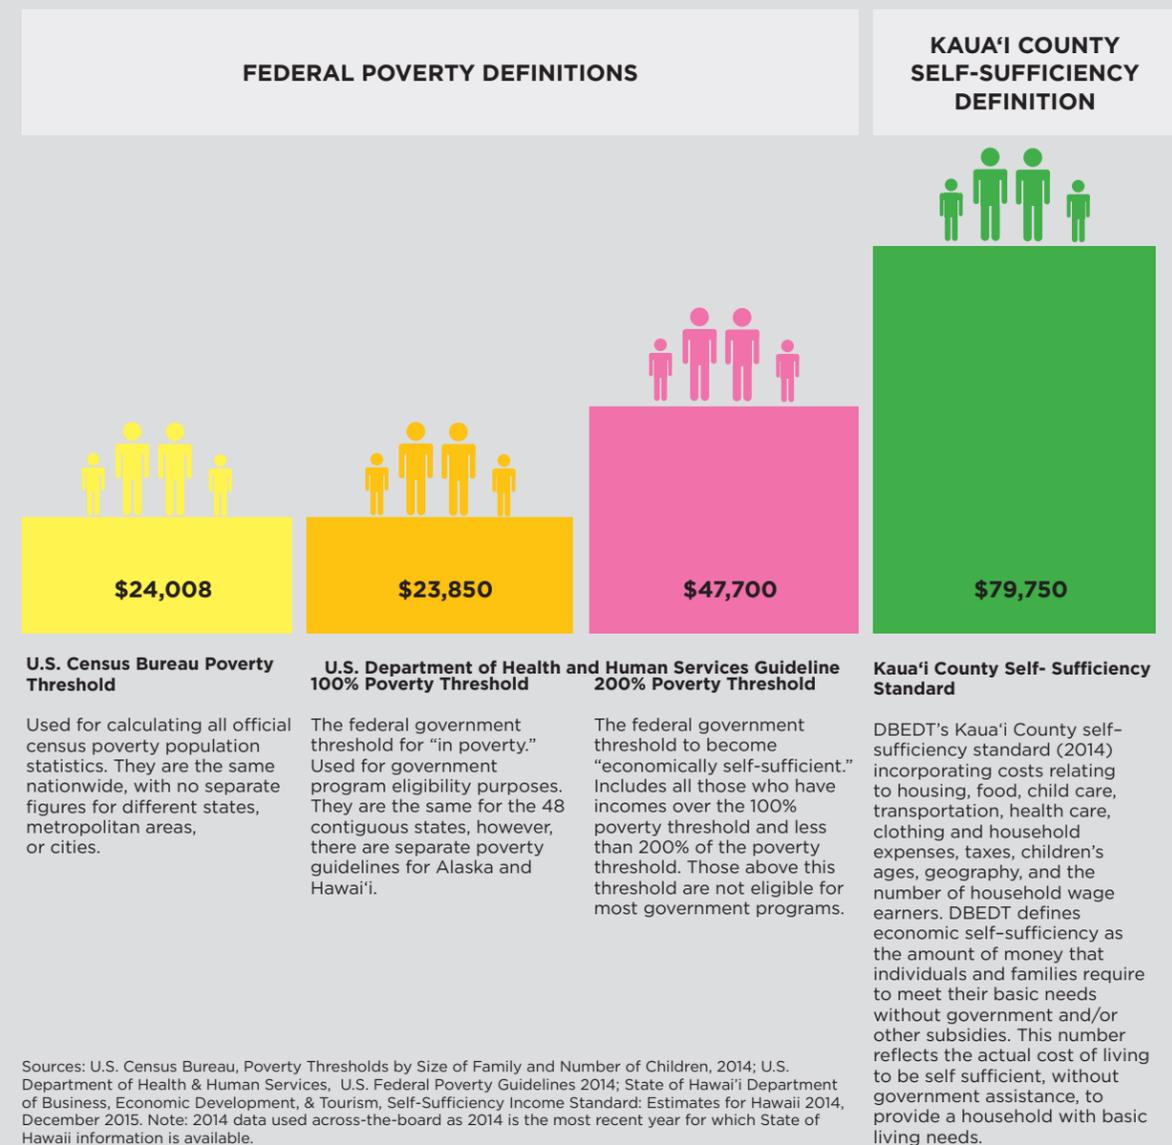

POVERTY, LIVEABLE INCOME, & SELF-SUFFICIENCY

Self-Sufficiency Standards are the amount of money that individuals and families require to meet their basic needs without government and/or other subsidies assuming that adults are working full-time (40-hours) at one or more jobs.

It is important to understand the cost of living, wage gaps, and various thresholds of poverty. The threshold for poverty varies greatly within and between state and federal agencies. Many times the thresholds do not capture the actual cost of living or use of government assistance. A wage gap can exist between those earning low wages and relying heavily on government assistance and those earning moderate wages and receiving no government assistance.

Displayed below are the various poverty levels assessed by both federal and state agencies. The annual household incomes are based on a four person household, with two adults and two children in the State of Hawai'i and are based on the most recently available data from 2014.

FIGURE 5: Poverty, Livable Income, and Self-sufficiency Definitions (Family of 4), 2014

Sources: U.S. Census Bureau, Poverty Thresholds by Size of Family and Number of Children, 2014; U.S. Department of Health & Human Services, U.S. Federal Poverty Guidelines 2014; State of Hawai'i Department of Business, Economic Development, & Tourism, Self-Sufficiency Income Standard: Estimates for Hawaii 2014, December 2015. Note: 2014 data used across-the-board as 2014 is the most recent year for which State of Hawaii information is available.

Subtotal			450
Total			530

Source: Hawaii Dept of Labor & Industrial Relations, Research & Statistics Office, dated October 2016.

Notes: Occupations are categorized into three education levels: Bachelor's degree or higher; less than bachelor's degree but more than High School; and High school degree or less. Within each education level, the jobs are ranked by average annual job openings.

Growing "in demand" occupations are highlighted in *Table 13 County Current Demand Occupations, Degree Requirements, and Annual Wage and their Projected Annual Openings to 2022*, including education requirements, annual wages and projected job openings.

- "Retail Salesperson" is the occupation with the largest projected job growth in the County.
- The top 5 demand occupations providing the most job openings in the County require a High School Degree or less.
- 7.5% of projected job openings in the County's top 20 demand occupations require a Bachelor's Degree or higher.

TRANSPORTATION & COMMUTING

Data on transportation and commuting includes time spent commuting by the Region's Native Hawaiian population, rush hour drive times to and from selected locations in the region, a map of major roadways on the island, and a summary of rush hour commute data for the Kaua'i population.

Destinations included in the Rush Hour Drive Times table were specifically selected to identify drive times and distances to/from major population areas in the Region to/from the KS campus and to/from major employment areas. 7am and 5pm were selected as a standard representative for morning and evening rush hour commutes. The drive distances times were calculated in ArcGIS, which utilizes historical and live traffic data for specific times of the day to calculate driving speed and drive time.

FIGURE 12: Regional Native Hawaiian Work Commute Time

MATERIAL & ECONOMIC WELLBEING (CONT'D)

HOMELESSNESS

The State and County data on the homeless population presented on this page is collected from the State's Homeless Management Information System (HMIS). All homeless shelter and outreach program service providers who receive State or federal funding are required to enter client intake, service encounter, and exit data into the HMIS. A few other service providers that do not receive State or federal funding also include data into the HMIS on a voluntary basis. Domestic violence shelter data are not included, and some homeless organizations or individuals choose not to provide data or receive services. For these reasons, the HMIS data presented—while a robust, publicly available data set—is an undercount of homeless and those receiving services in the State.

Shelter services are provided to individuals utilizing both emergency and transitional services, while outreach services are provided to unsheltered individuals—e.g., those living in a car or on the beach. In the 2015 fiscal year, a total of 16,874 individuals (unduplicated) received shelter and outreach program services across the State—54% served by outreach programs, 59% served by shelter programs in Hawai'i.

IN THE 2015 FISCAL YEAR, NATIVE HAWAIIANS WERE THE LARGEST DEMOGRAPHIC OF RECIPIENTS FOR SHELTER PROGRAM SERVICES, FOLLOWED BY CAUCASIANS—30% AND 27%, RESPECTIVELY.

IN THAT SAME YEAR, CAUCASIANS WERE THE LARGEST AND NATIVE HAWAIIANS WERE THE SECOND LARGEST DEMOGRAPHIC OF RECIPIENTS FOR OUTREACH PROGRAM SERVICES—35% AND 30%, RESPECTIVELY.

S	Single Individuals
F	Families
OR	Outreach Program
RR	Rapid Rehousing

Source: Center on the Family: Homeless Service Utilization Report, Hawai'i 2015.
Note: S= Single Individuals, F= Families, OR=Outreach Program, RR= Rapid Rehousing.
Note: Gray-colored rows indicate umbrella organizations with the organizations individual programs listed beneath. The Homeless Services Utilization Report does not specify the particular programs within an umbrella organization that provide outreach and rapid re-housing programs.

Note: Per the source, the data do not represent all persons experiencing homelessness in Hawai'i or all persons receiving homeless services, and, therefore, the data in this report constitute an under count of homeless and of those receiving services. At the time of publication of this Report, updated funding and shelter bed data (more recent than FY13) were not available. Per a March 2, 2017 conversation between Cardno and the source author, Dr. Yuan, the 2016 Report will include updated data for these data points. As such, the source for the number of shelter beds and the two data points related to funding is: Yuan, S. Stern I.R., & Vo, H. (2013). Homeless Service Utilization Report: Hawai'i 2013. Honolulu: University of Hawai'i, Center on the Family, 2013. The following sources are for all other data points: Yuan, S., Vo, H., & Azuma, J. (2016). Homeless Service Utilization Report: Hawai'i FY 2015. Honolulu: University of Hawai'i, Center on the Family, 2016.; Yuan, S., Vo, H., & Azuma, J. (2016). Homeless Service Utilization Report: Statistical Supplement, Hawai'i FY 2015, Issue 1. Honolulu: University of Hawai'i, Center on the Family, 2016.

MATERIAL & ECONOMIC WELLBEING (CONT'D)

PHYSICAL WELLBEING

This page presents indicators for physical health and wellbeing in the Native Hawaiian community across the State and in the County. The health data presented are sourced from the latest published Hawai'i Department of Health's 2012 Hawai'i Health Survey. Health indicators by age for both Native Hawaiian and total populations are shown.

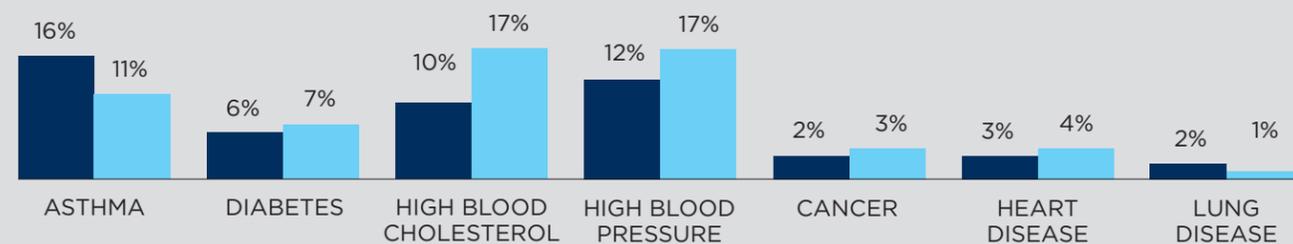

TABLE 15: Statewide Health Indicators by Age Group (2012)

Health Indicator	Rate of Occurrence (Native Hawaiians compared to the Total Population)									Total (All Ages)
	0-14 YEARS	15-17 YEARS	18-24 YEARS	25-34 YEARS	35-44 YEARS	45-54 YEARS	55-64 YEARS	65-74 YEARS	75+ YEARS	
Asthma	20%	18%	20%	15%	13%	11%	13%	13%	15%	16%
Asthma	14%	14%	15%	11%	8%	9%	11%	9%	9%	11%

SOCIAL, EMOTIONAL, & CULTURAL WELLBEING

The following are selected discussions that provide overview information about some of the social, emotional, and cultural wellbeing indicators in the Region.

BIRTH RATE

The table below provides a snapshot of birth rates across the State and within the County from 2010 to 2014 for Native Hawaiian infants as well as the total population of infants born. Several years of data is provided to illustrate trends in birth rates over time.

TABLE 16: Number of Live Births of Resident Infants Statewide and in the County, 2010-2014

Year	Statewide or County	Infant Population and Ethnicity		
		Total Population	Native Hawaiian	Native Hawaiian Infants Born as a Percentage of Total Population
2014	Statewide	18,467	6,448	35%
	County	894	403	45%
2013	Statewide	18,910	6,844	36%
	County	863	418	48%
2012	Statewide	18,912	6,896	36%
	County	863	419	49%
2011	Statewide	18,901	6,860	36%
	County	896	431	48%
2010	Statewide	18,895	6,891	36%
	County	842	411	49%

Source: Hawaii Health Data Warehouse; Hawaii State Department of Health, Office of Health Status Monitoring, Vital Statistics, Live Births in Hawaii by County of Residence and Infant DOH Race-Ethnicity, 2000-2014.

CAREGIVING

The table below presents data on non-parental caregivers in the Region for both the Native Hawaiian population and total population. The table presents data regarding the number and percentage of family households in the Region that are headed by non-parental adults vs. parents.

TABLE 17: Regional Prevalence of Non-parental Caregiving Among Resident Children, Native Hawaiian and Total Population (2010)

Caregiving Status	Resident Children			
	Native Hawaiian		Total Population	
	Number	Percent	Number	Percent
Parental	3,830	70.7%	11,533	76.4%
Non-parental	1,584	29.3%	3,562	23.6%
Total	5,414	100%	15,095	100%

SOCIAL, EMOTIONAL, & CULTURAL WELLBEING (CONT'D)

FOSTER CARE

A variety of foster care statistics for both the Native Hawaiian and total population are presented on this page. The table at left presents data regarding the number of children entering, in, and exiting foster care from 2010 to 2015 for the total population. The table below right presents data regarding the number and percentage of Native Hawaiian and all other children within the Region who were living in a foster family at the time of the 2006-2010 American Census Survey. Note that the data points are sourced from three different sources, including the State of Hawai'i Department of Human Services, the Hawai'i Department of Labor & Relations, and KS' S&I Group.

TABLE 18: Selected State of Hawai'i Foster Care System Statistics, FY 2010-2015

Number of Children Entering, In, and Exiting Foster Care	Total Population					
	2010	2011	2012	2013	2014	2015
Entering Foster Care	1,166	1,042	1,174	1,067	1,081	1,230
In Foster Care	2,672	2,355	2,315	2,180	2,231	2,386
Ages of Children In Foster Care						
0 to 5	1,095	1,000	985	893	962	1,090
6 to 11	694	574	611	632	644	648
12 to 18	883	781	719	655	624	648
Unknown	ND	ND	ND	ND	1	ND
Exiting Foster Care	1,356	1,240	1,194	1,029	1,068	1,027

Note: Count of children exiting foster care includes children exiting for reasons that include adoption, emancipation, guardianship, placement with a relative, and reunification. Source: State of Hawaii Department of Human Services Databook, December 2015 (https://humanservices.hawaii.gov/wp-content/uploads/2016/05/DHS-Databook_Dec-2015.pdf).

The pie charts at right provide a breakdown by race and sex of the 2,386 children in foster care statewide in 2015.

TABLE 19: Regional Children in a Foster Family, Native Hawaiian and Total Population (2010)

Children	Number	Percentage
Native Hawaiian Children	110	27.6%
Rest of Population Children	289	72.4%
Total Children	399	100.0%

Source: Data compiled by Strategy & Innovations Group (S&I), Kamehameha Schools from the American Census Survey Year 2006-2010, Selected Population Tables, 2010; https://symba.shinyapps.io/ACS2010_SPT/.

DRUG USE

The data below regarding juvenile drug use was compiled from a variety of surveys administered to 9-12 graders across the State. Several years of data have been included to provide context on these indicators across multiple datasets. Per the source, as these surveys are all self-reported, a variety of factors may have influenced the survey respondent's responses.

TABLE 20: Statewide Juvenile Drug Use Indicators

Indicators	2007			2009			2011			2013		
	Native Hawaiian	NHOPI	Total Population									
30-day Marijuana Use	35.0%		15.7%	37.8%		22.1%	30.0%		21.9%	28.7%		18.9%
Tried Marijuana Before Age 13 Years	25.0%		11.7%	26.5%		11.9%	15.3%		9.5%	19.6%		10.4%
Ever used Cocaine	11.5%		5.6%	9.6%		6.0%	5.0%		6.4%	8.2%		6.5%
Ever used Inhalents	11.4%		11.4%	12.4%		10.1%	8.8%		9.7%	11.8%		9.2%
Ever used Ecstasy	7.3%		4.6%	11.6%		8.2%	8.1%		9.0%	9.8%		8.0%
Ever used Heroin*		ND	ND		ND	ND		ND	ND		3.2%	3.4%
Ever used Methamphetamine	10.0%		4.5%	7.5%		3.9%	2.9%		3.4%	4.8%		4.3%
Ever used prescription pain relievers without a doctor's prescription	ND		ND	ND		ND	14.2%		14.3%	16.5%		12.9%
Ever Offered, Given, or Sold Illegal Drugs on School Property*		40.4%	36.2%		44.8%	36.1%		27.8%	31.7%		33.5%	31.2%

Note: *Indicates survey ethnicity options included NHOPI but not Native Hawaiians alone.

Note: "Gray" cells indicate data was not collected for those ethnic groups in those particular surveys.

Note: The data presented in the Hawaii State Epidemiological Outcomes Workgroup: State Epidemiological Profile: Selected Youth and Adult Drug Indicators, 2014 Report was compiled from a variety of surveys administered to 9-12 graders, including the Hawaii Youth Risk Behavior Survey, National Survey on Drug Use and Health, Hawaii Health Data Warehouse, and Substance Abuse Prevention Planning and Epidemiology Tool. When possible, those individual sources broke down survey data by ethnicity. These surveys are all self-reported and, as such, the survey methodology may cause respondents to answer questions based upon their perception of the interviewer's desired response. For additional details, please refer to the 2014 Report. Several years of data were provided for this data point to allow the reader to view changes in data over time.

SOCIAL, EMOTIONAL, & CULTURAL WELLBEING (CONT'D)

CHILD PROTECTIVE SERVICES (CPS)

A variety of child protective services (CPS) statistics for both the Native Hawaiian and total population are presented on this and the following page. The table and two pie charts at the far left presents data regarding the number of CPS “intakes” while all other data presented on these pages is in regards to “victims.” An explanation of the difference between “intakes” and “victims” is provided in the orange box at right.

Intakes vs. Victims

Intakes are reports of child abuse or neglect incidents that have been accepted for investigation, and a determination of the abuse/neglect have been made. An intake usually refers to a family unit and may involve the possible maltreatment of more than one child. A confirmed intake is one where at least one child in the intake had at least one abuse type confirmed or substantiated. A separate, unrelated incident may result in another intake for the same family or child.

A **victim** is a child in an intake identified as one being possibly maltreated. A confirmed victim is one that had at least one abuse type confirmed or substantiated.

TABLE 21: Statewide and County Child Protective Services Reported and Confirmed Intakes (FY 2015)

Number of Intakes	Total Population		
	Statewide	County	County as a Percentage of Statewide
Confirmed	852	61	7%
Not Confirmed	1,188	83	7%
Total	2,040	144	7%
Confirmation Rate	42%	42%

Note: Per Strategy & Innovations Group (S&I), Kamehameha Schools, all available data was included to avoid omission and attempt to break down the data by Region as much as possible. Data provided by special request from the State of Hawaii, Department of Human Services to Strategy & Innovations Group (S&I), Kamehameha Schools in March 2017. State-level total population data omitted at the request of Strategy & Innovations Group (S&I), Kamehameha Schools as the availability of Statewide data at the time of publication is limited to a previously published data report for which the data may be superseded by more recent but not-yet-published data.

Note: ** indicates suppressed data. Counts of under 5 were suppressed to avoid identification of victim.

Source: Department of Human Services, prepared by the State Audit, Quality Control and Research Office, 2017 via Strategy & Innovations Group (S&I), Kamehameha Schools special data request.

A "duplicate count" means that, in some instances, more than one factor has been identified per child per confirmed report.

SOCIAL, EMOTIONAL, & CULTURAL WELLBEING (CONT'D)

ARRESTS

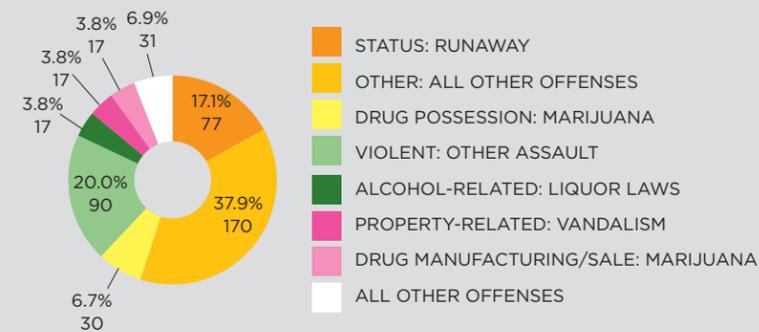

Juvenile arrest data presented on this page identifies the types of crimes and rates at which Native Hawaiian and all other juveniles (under the age of 18) were arrested for these crimes in the County in 2015. The table at bottom presents data regarding the rates and locations of incarcerated individuals aged 15-years and older, including those individuals currently incarcerated at locations outside the State of Hawai'i. The arrest data is publicly-available.

TABLE 26: Juveniles Arrested for Part I/Index Offenses in the County (2015)

Offense	Native Hawaiian Juveniles	% of Total Native Hawaiian Juvenile Offenses	Total Juveniles	Total Juveniles %
Rape	0	0.0%	1	1.4%
Robbery	2	9.1%	2	2.7%
Aggravated Assault	7	31.8%	24	32.9%
Burglary	1	4.5%	3	4.1%
Larceny-Theft	12	54.5%	41	56.2%
Motor Vehicle Theft	0	0.0%	1	1.4%
Arson	0	0.0%	1	1.4%
Total	22	100%	73	100%

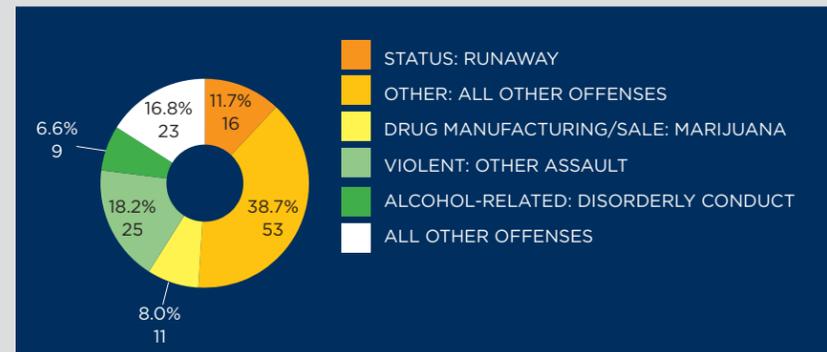

Note: Rows were deleted if no one was arrested for that offense.
 Source: Crime Prevention & Justice Assistance Division, Research & Statistics Branch: Crime in Hawaii, 2015.

FIGURE 31: Top 5 Causes for Arrest of Juveniles for Part II Offenses in the County (2015)

Source: Crime Prevention & Justice Assistance Division, Research & Statistics Branch: Crime in Hawaii, 2015.

FIGURE 32: Top 5 Causes for Arrest of Native Hawaiian Juveniles for Part II Offenses in the County (2015)

Part I/Index Offenses vs. Part II Offenses

Part I/Index Offenses refer to "serious crimes" such as criminal homicide and rape, amongst others, while Part II Offenses refer to lesser crimes such as drug possession and vandalism, amongst others.

SOCIAL, EMOTIONAL, & CULTURAL WELLBEING (CONT'D)

SUICIDE

The data presented on this page includes the rates of attempted suicide and deaths from suicide by age group for Native Hawaiians and the total population, including a breakout specifically regarding rates of suicide attempts for high schoolers. The table at the top provides the rates of attempted suicide by Native Hawaiian and all other high schoolers at both the County and State levels. The bottom two tables provide the rates of suicide attempts and death by suicide by age group for Native Hawaiians and the total population in the County.

TABLE 28: Suicide Attempts by Race for High School (9th-12th grade) Students, by County (2015)

Population	Attempted Suicide						Attempted Suicide that Resulted in Injury/Treatment					
	County			State			County			State		
	Count	Percent of All Suicide Attempts	Percent of High School Population	Count	Percent of All Suicide Attempts	Percent of High School Population	Count	Percent of All Suicide Attempts	Percent of High School Population	Count	Percent of All Suicide Attempts	Percent of High School Population
Native Hawaiian	100	50.0%	ND	1,100	28.2%	ND	<50	ND	ND	400	33.3%	ND
Rest of Population	100	50.0%	ND	2,800	71.8%	ND	≥50	ND	ND	800	66.7%	ND
Total	200	100%	11.4%	3,900	100%	10.5%	100	ND	4.5%	1,200	100%	3.4%

Note: Weighted counts rounded to the nearest 100, "Percent of High School Population" is a weighted percentage. Source did not specify how they were weighted.
 Source: Data compiled by Strategy & Innovations Group (S&I), Kamehameha Schools from the Hawaii Health Data Warehouse, State of Hawaii, Hawaii School Health Survey: Youth Risk Behavior Survey Module, Suicide Attempts in the Past Year in Hawaii, by School Type, County, Gender, Grade Level, and DOH Race-Ethnicity, for the Years 2011-2015, Report Created: 7/26/16.

TABLE 29: Number of Deaths from Suicide by Age Group in the County (2011-2015)

Age Group	Native Hawaiian			Total Population		
	Number of Suicides	Native Hawaiian Population	Rate per 10,000	Number of Suicides	Total Population	Rate per 10,000
0-15 yrs	**	5,698	**	**	13,482	**
16-29 yrs	6	4,173	14.4	11	12,457	8.8
30-44 yrs	**	3,162	**	7	12,522	5.6
45-74 yrs	**	4,039	**	23	27,775	8.3
75+ yrs	0	393	0.0	0	5,143	0.0
Total	6	17,465	3.4	41	71,379	5.7

Notes: Race: "Hawaiian" descendants defined as first-listed ethnicity on the death certificate; "other" indicates all descendants with a 1st-listed ethnicity other than Hawaiian. There were 898 total deaths over the 5-year period of 2011-2015, with 149 identified as "Hawaiian." There were another 50 descendants with 1st listed ethnicity of "other" that also had "Hawaiian" listed, usually (41, or 82%) as the 2nd-listed ethnicity.
 Note: Suicides are identified through underlying cause of death codes.
 Note: ** Indicates suppressed data. Counts of under 5 were suppressed to avoid identification of victim.
 Source: Data compiled by Strategy & Innovations Group (S&I), Kamehameha Schools from the Hawaii Department of Health, Injury Prevention System Branch, Death Certificate Database, 2017, via Strategy & Innovations Group (S&I), Kamehameha Schools special request.

TABLE 30: Number of Nonfatal Suicide Attempts Treated in Hawaii Hospitals by Age Group in the County (2011-2015)

Age Group	Native Hawaiian	Part Native Hawaiian	Other
0-15 yrs	**	**	33
16-29 yrs	19	11	126
30-44 yrs	7	12	48
45-74 yrs	**	**	80
75+ yrs	0	0	8
Total	26	23	295

Notes: Hawaii Health Information Corporation (HHIC) collects a single ethnicity per patient, and categories include "Native Hawaiian" as well as "Part Native Hawaiian"; both are presented separately. Per Strategy & Innovations Group (S&I), Kamehameha Schools, data provided by the State of Hawaii Department of Health does not define "Other." As such, it is unclear whether or not "Other" includes Native Hawaiian or Part Native Hawaiian totals. "Attempts" are technically coded as "self-inflicted" injuries, although KS S&I assumes they were suicidal in nature. S&I only included records with an injury-related principle diagnosis, so patients with a principal diagnosis related to mental health or substance abuse, for example, were not included. Records were excluded for on non-residents, those who died in the hospital or who were discharged to hospice, and those who were transferred at discharge, to avoid double-counting.
 Note: ** Indicates suppressed data. Counts of under 5 were suppressed to avoid identification of victim.

3

EDUCATION IN THE REGION

Section 3 Education in the Region provides an overview of education factors in the Region, including aspects within school walls, such as teaching and facilities, indicators that measure educational proficiency along the K-12 continuum, and readiness from early childhood through career development. Recognizing that non-KS institutions serve a large percentage of Native Hawaiian learners, the KS approach pursues opportunities to achieve educational outcomes for all Native Hawaiian learners by working within the Region's existing educational institutions and network. The information in this section provides a starting point for regional leadership and staff to identify areas of exploration and consideration within these educational networks and beyond.

The education factors noted within this section and those outlined in *Section 2 Wellbeing in the Region* and *Section 4 Stakeholders and Collaborators in the Region* have synergistic effects: Higher educational attainment may lead to wider career prospects, as well as increased income and living standards, including a greater ability to achieve physical, social, and mental wellbeing. While the success of each learner's future is affected by their own educational attainment, this attainment is linked to their 'ohana, as summarized in *Section 2*. Therefore, the wellbeing of the 'ohana and the community that supports and guides a learner will impact the learner's ability to achieve desired educational outcomes and optimal wellbeing into adulthood. At the institutional level, a region's educational network must contend with the fact that the ability to increase Native Hawaiian student outcomes and Native Hawaiian community wellbeing are inextricably linked.

The growth in the Native Hawaiian learner population is an added dimension to educational considerations within a region. **As the Native Hawaiian learner population grows, so will the demand for the quality of educational considerations, including the requirements for qualified teachers; well-designed and well-equipped facilities; and strong educational pipelines that support children from birth into adulthood.** Culturally-relevant educational considerations will also impact a region's requirements—for example, teachers skilled in supporting the aspirations of Native Hawaiian students and students' 'ohana in delivering culturally relevant curriculum, as well as school and administrative facilities that provide a strong foundation for this work. Regarding school facilities, the physical use of land is critical to the facilitation of 'āina-based learning and internship opportunities.

Collaboration between a region's educational stakeholders is necessary to improve educational outcomes in a region. The KS approach is to work with stakeholders to ensure the wellbeing of Native Hawaiian learners and the community as a whole. Examples of this approach in action include a focus on working towards a network of Native Hawaiian schools as part of SP2020 and working collectively with communities to improve the educational system with a focus on educational pathway milestones. This type of collaborative work includes operating within existing networks, both internal and external to KS, and developing new networks with formal alliances, collective agreements, and mutual supports. As KS is dedicated to mobilize joint funding and other community assets across the P-20 continuum, the regional approach's focus on collaboration and a broader perspective requires KS to develop new internal capabilities in addition to building the capacity of its partners to engage in a new way.

READY FOR KINDERGARTEN

This page provides comparative data on preschool attendance, free- and reduced-price lunch subsidies, and teacher qualification indicators related to the KS EPM “Ready for Kindergarten.” When possible, data for Native Hawaiian students is provided.

HAWAIIAN IMMERSION & HAWAIIAN-FOCUSED ECE EDUCATION

Hawai‘i is the only State in the U.S. with a native language designated as one of its official State languages. In 1984, the first ‘Aha Pūnana Leo Hawaiian language immersion preschool opened its doors in Kekaha, Kaua‘i. Today, the organization has 11 sites throughout the State on the islands of Hawai‘i, Maui, Moloka‘i, O‘ahu and Kaua‘i. They run as laboratory schools of the University of Hawai‘i Hilo’s Ka Haka ‘Ula o Ke‘elikōlani College of Hawaiian Language and, through that relationship, hold affiliated status of accreditation under the World Indigenous Nations Higher Education Consortium.

‘Aha Pūnana Leo ECE programming holds both school and student readiness as its main tenets, within the Native Hawaiian context. Their Stated goals are to: (1) create a supportive environment where students and their families develop the ability to communicate effectively in the Hawaiian language, understand and appreciate Hawaiian culture and values, and participate confidently in contemporary Hawaiian society, and (2) execute a program that ensures kindergarten readiness in areas of age-appropriate social, intellectual, and perceptual motor skills (‘Aha Pūnana Leo, n.d.).

The ‘ohana enters into the school as a learning unit in its family-based model. Other Native Hawaiian-focused ECE programs, such as family-child interaction learning programs are also rooted in this family-based model. These programs provide curriculum for both children and their guardians, so that the family continues the educational process outside of the classroom.

Refer to the *Regional Charter & Immersion School Pipeline* table in this section for a list of ECE Immersion schools.

K-12

The following pages provide comparative data on public, public charter, immersion, and private K-12 students and teacher qualification indicators related to the KS EPMs “Reading Proficiency Grade 3,” “Academic Proficiency Grade 8,” and “On-time High School Graduation & Prepared for Next Step.” When possible, data for Native Hawaiian and Native Hawaiian or Pacific Islander students is provided.

K-12 EDUCATION SUMMARY

The figure below provides a summary of the number of schools, enrollment rates, and range of costs for private school tuition across the Region.

FIGURE 37: Summary of K-12 School Types and Native Hawaiians Served in the Region

DOE K-12	CHARTER K-12	PRIVATE
NUMBER OF SCHOOLS IN THE REGION		
16	4	6
TOTAL STUDENT ENROLLMENT		
9,367 SY15-16	452 SY15-16	866 SY16-17
NATIVE HAWAIIAN STUDENT ENROLLMENT		NATIVE HAWAIIAN OR PACIFIC ISLANDER STUDENT ENROLLMENT
2,490 SY15-16	268 SY15-16	83 SY11-12
TUITION RANGE		
\$4,136-\$14,700 SY16-17		

Note: Figure does not include Hawai'i Technology Academy PCS, a public charter school that operates in-person learning centers and virtual learning across the State.
 Note: The Charter School Native Hawaiian enrollment numbers presented in the figure do not include schools with suppressed cells. As such, the Native Hawaiian enrollment for DOE K-12 may be lower and the Native Hawaiian enrollment for Charter Schools may be higher than described in the Figure.
 Sources: DOE K-12 and Charter Data: Data provided via special request from the Hawaii P-20 Partnerships for Education to Enterprise Information Management & Services Division (EIMS), Kamehameha Schools (KS), April 2017; Private School Enrollment and Tuition: Compiled by KS based on the 2017 Hawaii Private School Guide published by Honolulu Magazine; Private School Native Hawaiian or Pacific Islander Enrollment: ProximityOne n.d. (K-12 Private Schools, SY11-12)—provided for reference based on schools listed for SY16-17.

CHARTER & IMMERSION

In support of the KS pursuit of a network of Hawaiian-focused charter schools and expansion of Hawaiian immersion schooling opportunities, the table below identifies the prekindergarten through twelfth grade pipelines for charter schooling and Hawaiian immersion schooling currently available in the Region. Hawaiian-focused charter schools are noted.

The Kahuwaiola Indigenous Teacher Education Program, located at the University of Hawai'i Hilo, is a graduate certificate program (three semesters long). It is primarily delivered through the Hawaiian language medium and designed to prepare high quality teachers for “Hawaiian language medium schools, Hawaiian language and culture programs in English medium schools, and schools serving students with a strong Hawaiian cultural background” (UH Hilo, n.d.). Graduates of the program satisfy one of the initial licensure requirements of the Hawai'i Teachers Standards Board. The programs prepare teachers in the following program areas: (1) Hawaiian language, culture, and values; (2) pedagogical skills; (3) content knowledge; and (4) professional qualities. It also includes student teaching experience at Hawaiian medium schools Statewide. The program is affiliated with 'Aha Pūnana Leo.

TABLE 32: Regional Charter & Immersion School Pipeline

School	Ages/Grades							
	Preschool	Pre-K	Kindergarten	Grade 3	Grade 6	Grade 7	Grade 8	Grade 12

SELECTED STATEWIDE DOE DATA

FIGURE 37: Selected Statewide DOE Data

Notes: The percentage of 9th grade students that were retained refers to the percentage of students who were not promoted to the next grade level. The percentage of students that graduated on-time refers to the percentage of students who complete high school within four years of their 9th grade entry date. Dual enrollment is defined as students who enrolled in a college-level course at the University of Hawai'i prior to high school graduation.

Notes: * Includes students with valid SBA/HSA test scores; ** Includes Native Hawaiian students with valid SBA/HSA test scores; † cell suppressed to protect confidentiality; - represents zero students; N/A represents zero students in denominator of percentage calculation.

Metrics are aggregated by KS Region, DOE Complex Area or Complex, by School, and by Native Hawaiian race/ethnicity. "Native Hawaiian" Students are students with an ethnicity code of "Native Hawaiian" or "Part Native Hawaiian."

Limitations:

- Official School Enrollment data is from the DOE Official Enrollment Count file plus race/ethnicity from a student's demographic record. Students who are missing a demographic record are reported as Not Native Hawaiian.

- SBA and HAS Scores 1.) excludes students who did not take the assessment 2.) reported figures may not match official federally reported figures due to difference in calculation, namely "full school year" is not taken into account in this dataset.

- Percentage of High School graduates who enrolled in a PS Institution in the Fall after HS Graduation, includes HS completers who have earned a certificate of completion in place of a regular diploma. Enrollment record falls between one of the following criteria: 1.) Enrollment_begin is between 08-15 and 10-31 of HS Graduation YR;

2.) Enrollment_end is between 09-15 and 11-30 of HS Graduation YR; and 3.) Enrollment_begin is before 08-15 of Graduation YR and Enrollment_end is after 11-30 of HS Graduation YR.

- PS Enrollment represents students who have requested confidentiality will not have National Student Clearinghouse (NSC) data.

HS Science Proficiency rates, Drop-out rates, and On-time Graduation rates for SY 15-16 were not finalized at time of request.

Notes: * Includes students with valid SBA/HSA test scores; ** Includes Native Hawaiian students with valid SBA/HSA test scores; † cell suppressed to protect confidentiality; - represents zero students; N/A represents zero students in denominator of percentage calculation.

Metrics are aggregated by KS Region, DOE Complex Area or Complex, by School, and by Native Hawaiian race/ethnicity. "Native Hawaiian" Students are students with an ethnicity code of "Native Hawaiian" or "Part Native Hawaiian."

Limitations:

- Official School Enrollment data is from the DOE Official Enrollment Count file plus race/ethnicity from a student's demographic record. Students who are missing a demographic record are reported as Not Native Hawaiian.

- SBA and HAS Scores 1.) excludes students who did not take the assessment 2.) reported figures may not match official federally reported figures due to difference in calculation, namely "full school year" is not taken into account in this dataset.

- Percentage of High School graduates who enrolled in a PS Institution in the Fall after HS Graduation, includes HS completers who have earned a certificate of completion in place of a regular diploma. Enrollment record falls between one of the following criteria: 1.) Enrollment_begin is between 08-15 and 10-31 of HS Graduation YR;

TEACHER QUALIFICATIONS

Notes: The percentage of 9th grade students that were retained refers to the percentage of students who were not promoted to the next grade level. The percentage of students that graduated on-time refers to the percentage of students who complete high school within four years of their 9th grade entry date. Dual enrollment is defined as students who enrolled in a college-level course at the University of Hawai'i prior to high school graduation.

Notes: * Includes students with valid SBA/HSA test scores; ** Includes Native Hawaiian students with valid SBA/HSA test scores; † cell suppressed to protect confidentiality; - represents zero students; N/A represents zero students in denominator of percentage calculation.

Metrics are aggregated by KS Region, DOE Complex Area or Complex, by School, and by Native Hawaiian race/ethnicity. "Native Hawaiian" Students are students with an ethnicity code of "Native Hawaiian" or "Part Native Hawaiian."

Limitations:

- Official School Enrollment data is from the DOE Official Enrollment Count file plus race/ethnicity from a student's demographic record. Students who are missing a demographic record are reported as Not Native Hawaiian.

- SBA and HAS Scores 1.) excludes students who did not take the assessment 2.) reported figures may not match official federally reported figures due to difference in calculation, namely "full school year" is not taken into account in this dataset.

- Percentage of High School graduates who enrolled in a PS Institution in the Fall after HS Graduation, includes HS completers who have earned a certificate of completion in place of a regular diploma. Enrollment record falls between one of the following criteria: 1.) Enrollment_begin is between 08-15 and 10-31 of HS Graduation YR;

2.) Enrollment_end is between 09-15 and 11-30 of HS Graduation YR; and 3.) Enrollment_begin is before 08-15 of Graduation YR and Enrollment_end is after 11-30 of HS Graduation YR.

- PS Enrollment represents students who have requested confidentiality will not have National Student Clearinghouse (NSC) data.

Proficiency data for Ni'ihau High & Elementary School was not available at time of request; HS Science Proficiency rates, Drop-out rates, and On-time Graduation rates for SY 15-16 were not finalized at time of request.

STAKEHOLDERS & COLLABORATORS IN THE REGION

Section 4 Stakeholders & Collaborators in the Region presents and discusses current stakeholders in the Region (both those that have existing partnerships with KS and those that do not)—all of which have significant roles in shaping the physical, social, and educational environment of the region, including its people and places.

KS actively engages in diverse partnerships and leveraging of multi-sector relationships with a variety of program-operating organizations and landowners. As appropriate, leadership may choose to partner with entities identified in this section and other entities in pursuit of the KS SP2020 goals and educational milestones and as part of a collective impact approach.

Significant stakeholders in the region all contribute to the environment surrounding the people of the region. The interests and influence of these stakeholders shape the resources that flow into and/or out of the area, the opportunities that are available within the region, and, at times, the access to those resources and opportunities. Some of the stakeholders discussed herein share KS' long-term vision to strengthen Native Hawaiian leadership, influence, economic wellbeing, and physical and mental health within the Region. Other stakeholders are neighbors to KS, partners in programming with KS, or potential partners as KS continues to focus on impact-driven resource management and leveraging collective impact. Synergistic facilities and stakeholder engagement that support a growing Native Hawaiian population and a long-term sustainable community necessitates collaborative efforts between KS and regional stakeholders.

As the Native Hawaiian learner population grows in the Region, the level of engagement between aligned stakeholders and partners will likely increase to maximize support for the increasing requirements of an expanding group of learners. Notably, sufficient density of facilities and collaborators in close proximity allows for a concentration of resources in a given area as opposed to facilities and collaborators that are spread thinly over a large area. Hence, the remote location of some Native Hawaiian communities must be a consideration in service delivery. As previously discussed, additional personnel (teachers and administrators), space (classrooms, culturally focused areas, and community gathering spaces), and resources (assistance programs and tuition) will be part of this service area growth, as will increased communication and alignment of services'—thereby heightening the need for engaging stakeholders in a collective impact approach.

The stewardship and development of land, facilities, and infrastructure in a region are long-term activities that are guided by long-term vision and planning of public and private entities. As discussed in previous sections, the enactment of these stakeholder visions has the ability to significantly impact the wellbeing and educational environment within regional communities both in the immediate present and in the future. Land use constraints not only guide the proper use of land but may be a reflection of the existing culture of land use in an area that, in turn, may provide opportunities or constraints in the future.

COLLABORATORS

The following table provides a list of current KS Collaborations within the Region. Collaborators largely include educational and community organizations with program delivery sites within the Region, across multiple Regions, or Statewide.

There are no collaborations for the FY 2016-2017 period.

TABLE 37: FY 2017-2018 KS Collaborators List			
Multi-Year Financial Plan Area	Ext Organization	Program/Project Title	Program/Project Description
K-12	'Aha Pūnana Leo, Inc.	Ke Kula Ni'ihau O Kekaha Per-Pupil Funding	Support to provide Hawaiian culture-based education to learners and their families.
K-12	Department of Education	HCBE PD Support to KAUA'I	KS provides support to the DOE to advance Hawaiian Culture-Based Education through professional development and capacity-building programs for DOE staff, such as, teacher induction and educational leadership.
K-12	Department of Education	Kapa'a Elementary Summer School	Provides literacy support and culture-based enrichment to students in grades K-5 during the summer. The purpose of this summer school is to provide extra support to students in order to improve their academic performance.
Early Learning	Dollywood Foundation	Imagination Library	Provides age-appropriate books to a cohort of young children.
K-12	Kanaka Aupuni A Ni'ihau Aloha	Kula Aupuni Ni'ihau A Kahelelani Aloha New Century Public Charter School-KANAKA PCS per-pupil funding	Support to provide Hawaiian culture-based education to learners and their families.
K-12	Kanu I Ka Pono Inc.	Kanuikapono Public Charter School per-pupil funding	Support to provide Hawaiian culture-based education to learners and their families.
College/Career	Mālama Kaua'i	Kaua'i Ag Internship Program	Provides agriculture internships to local high school and college ag students on Kaua'i, to provide 'āina-immersive, hands-on experiences that inspire and encourage youth to continue education and experience in the agriculture field.
K-12	Na Maka o Papahānaumokuākea	Na Kilo 'Āina Waimea ('Āina Momona)	Provides locally relevant, integrated research and malama 'āina experiences targeting grades 9-12 in the collection of quantitative and qualitative data concentrating on intimately understanding natural cycles and seasonal changes throughout the Waimea watershed.
Early Learning	Partners in Development Foundation	Tūtū and Me Traveling Preschool	A free traveling preschool program for keiki birth to 5 and their caregiver(s) designed to prepare Native Hawaiian children for school success.
K-12	Supporting the Language of Kaua'i	Kawaikini PP	Support to provide Hawaiian culture-based education to learners and their families.
K-12	University of Hawai'i	Manokalanipō: Ma Uka a i Kai	Offers workshops, summer programming, and intersession programming to nurture Native Hawaiian students on Kaua'i by strengthening their cultural identity, providing multifaceted opportunities and career pathways with a strong cultural foundation.
College/Career	University of Hawai'i Foundation	GoFarm Hawai'i, a statewide beginning farmer program	Provides hands-on training in sustainable vegetable production, business plan development, and marketing to Hawai'i's aspiring farmers in order to develop more viable, sustainable farmers to support Hawai'i's food security and economy.
College/Career	University of Hawai'i Foundation	Kaua'i Community College Wai'ale'ale Project Scholarships AY2017-18	Provides financial, academic and other supports that reduce barriers to entering and succeeding in college for non-college bound students at Kaua'i Community College.
'Āina	Waipā Foundation	Waipā Ahupua'a Learning Center	Provides opportunities to participate in the stewardship of natural and cultural resources within the ahupua'a through hands-on educational experiences at Waipā.

SELECTED REGIONAL STAKEHOLDER & COLLABORATOR HIGHLIGHTS

The following are selected discussions that provide overview information about some of the stakeholders in the Region.

'AHA PŪNANA LEO (APL)

'Aha Pūnana Leo is a non-profit, family-based educational organization dedicated to the revitalization of the Hawaiian language ('Aha Pūnana Leo, n.d). 'Aha Pūnana Leo operates 13 preschool sites statewide, including Pūnana Leo o Kaua'i in the Region.

Pūnana Leo o Kaua'i

Pūnana Leo o Kaua'i is located in Līhu'e adjacent to the Kawaikini Hawaiian Immersion K-12 school and also the Kaua'i Community College. The school first opened its doors in 1987 and has served over 400 families. ('Aha Pūnana Leo, n.d).

In FY11-13, APL's annual reported expenses were \$5.26Mil.

ALU LIKE, INC.

Incorporated in 1975, Alu Like is a non-profit organization dedicated to assisting Native Hawaiians in achieving social and economic self-sufficiency. KS currently provides funding support to Alu Like.

Currently, Alu Like operates the following programs from their Līhu'e office in the Region:

- Ho'āla Hou - High Risk Reduction program, designed to provide prevention services that educate youth ages 10-17 and their parents on the dangers of substance abuse/use.
- Ho'omānea 'Ōiwi -Employment & Training, designed to provide year round services to eligible adults 18 years or older and youth ages 14-21, which include outreach, intake, assessment, career counseling, work experience, occupational skills training, educational & tuition assistance, tutoring and internships. (Alu Like, n.d.)

In FY14-15, Alu Like's annual reported expenses were \$10.18Mil.

OFFICE OF HAWAIIAN AFFAIRS (OHA)

The Office of Hawaiian Affairs (OHA) was born out of the Constitutional Convention of 1978 and established as a public trust, with a mandate to better the conditions of Native Hawaiian individuals and the community. OHA is funded by a pro rata share of revenues from state lands designated as "ceded" (Office of Hawaiian Affairs, 2014).

In FY14-15, OHA's annual reported expenses were \$51.49Mil

HAWAII DEPARTMENT OF EDUCATION (DOE)

The Region encompasses two DOE complex areas: Kapa'a-Kaua'i-Waimea. The Complex Area includes four complexes: Kapa'a, Kaua'i, and Waimea.

In FY14-15, the DOE's annual reported expenses were \$2.586Bil.

SELECTED REGIONAL STAKEHOLDER & COLLABORATOR HIGHLIGHTS (CONT'D)

QUEEN LILI'UOKALANI TRUST/CHILDREN'S CENTER (QLT/QLCC)

The Queen Lili'uokalani Trust/Children's Center (QLT/QLCC), founded in 1909, is dedicated to the welfare of orphan and destitute children, with a preference given to Native Hawaiian children. In the Region, QLT operates one site in Līhu'e. However, QLCC does not currently operate a service unit in the region. (QLCC, n.d.)

In CY15, QLT's annual reported expenses were \$36.97Mil.

DEPARTMENT OF HAWAIIAN HOME LANDS (DHHL)

In an effort to provide Native Hawaiians with economic self-sufficiency, DHHL provides homestead leases for residential, agricultural, and pastoral leases to Native Hawaiians of 50% blood quantum.

In the past several years, DHHL's Planning Office has developed a series of plans—Program, Regional, and Island Plans—that discuss future land and water resource development while considering archaeological, historical, and environmental concerns. DHHL utilizes these plans with the goal of building partnerships, leveraging resources and capital investments, mitigating undesirable development impacts, coordinating area growth, reducing risk in large-scale developments, and creating broad community benefits. DHHL's activities in Kaua'i are focused in the Anahola, Wailua, and West Kaua'i regions.

Anahola Regional Plan

DHHL's Anahola Regional Plan encompasses 4,228 acres of homestead lands in Kamalomalo'o and Anahola, and 316 acres of homestead lands in Moloa'a. The Moloa'a lands are primarily pastoral, while a majority of the homestead residents are located on approximately 165 acres in Anahola. Anahola is the largest homestead community on Kaua'i and with approximately 529 residential leases and 47 agricultural leases. (Department of Hawaiian Home Lands, 2010).

West Kaua'i Regional Plan

DHHL's West Kaua'i Regional Plan encompasses 356 acres of homestead lands in Hanapepe, 52 acres in Kekaha, and 15,061 acres in Waimea uplands. The Waimea uplands are primarily pastoral or game management areas. There are 117 residential lessees on 39 acres in Kekaha, which occupy nearly all of DHHL's lands in the community. DHHL's lands in Hanapepe are utilized for commercial and residential activities, including 47 residential lessees on approximately 10 acres. (Department of Hawaiian Home Lands, 2011).

In the Wailua area, DHHL owns approximately 526 acres of land, including 52 acres makai of Kūhiō Highway and 474 acres on the mauka side of the Highway. Much of the DHHL lands in Wailua are underutilized, with approximately 67 acres employed for pastures and diversified agriculture. DHHL has undergone extensive planning for development of Wailuā, which includes residential, commercial and resort uses. (Department of Hawaiian Home Lands, 2009).

In FY13-14, DHHL's annual reported expenses were \$52.8Mil.

In CY15, QLT's annual reported expenses were \$36.97Mil.

QLCC'S PROGRAMMING IS CENTERED ON FOUR SERVICE OUTCOMES:

Each Hawaiian child will

- Have a consistent and nurturing adult in their life
- Be grounded in culture and spirituality
- Be healthy
- Live within communities that care about their welfare

UNIVERSITY OF HAWAII SYSTEM

In the Region, the UH System operates **Kaua'i Community College (KCC)**. KS is currently involved in various partnerships with the University of Hawai'i System in the Region through the provision of KS financial aid awards to qualifying students.

In FY15-16, the UH System's annual reported expenses were \$1.54Bil.

Kaua'i Community College (KCC)

Established in 1965, KCC serves mostly students in the Kaua'i region and offers credit and non-credit coursework that allow students to earn one of three associate degrees or a focused workforce certificate.

KCC's mission is to provide open access education and training in an ethical and innovative student-centered and community-focused environment, nurturing life-long learners who appreciate diversity and lead responsible and fulfilling lives (Kaua'i Community College, n.d.).

Ho'ouluwehi Sustainable Living Institute of Kaua'i

Ho'ouluwehi works within KCC and the community to integrate sustainability principles into the KCC curriculum and course offerings. Ho'ouluwehi also advances KCC's partnerships, conducts and sponsors sustainability-related research projects and offers internship opportunities (Kaua'i Community College, n.d.).

Honoring and building on Kaua'i's history and diverse cultures, Ho'ouluwehi offers an innovative sustainability learning focal point for the entire Kaua'i community.

-Ho'ouluwehi, Kaua'i Community College, n.d.

GROVE FARM

Grove Farm owns approximately 33,000 acres on Kaua'i, with much of the landholdings being former sugar plantation. More recently, Grove Farm is transitioning its' lands for uses including sustainable community development and economic development. Grove Farm is focused on enhancing Kaua'i's communities, while preserving its history and culture (Grove Farm, n.d.).

ROBINSON FAMILY

Members of the Robinson Family own nearly 56,000 acres of land on Kaua'i and approximately 46,000 acres on Ni'ihau. The family is the steward to Ni'ihau and its' Native Hawaiian population, which continues to speak Hawaiian as its' primary language. The family manages lands on Kaua'i, which include former sugar plantation lands, for agriculture and preservation purposes.

PARTNERS IN DEVELOPMENT FOUNDATION (PIDF)

Incorporated in 1997, Partners in Development Foundation (PIDF) is a non-profit organization whose goal is helping children, families, and communities overcome challenges in ways that would allow PIDF beneficiaries to, in turn, serve as teachers and helpers of others in need. Beginning with its free traveling preschool programs, the organization now runs a host of education, social services, environmental, and language programs statewide, including the Tūtū and Me traveling preschool program, with a focus on the Wai'anae Coast.

In CY15, PIDF's annual reported expenses were \$20.6Mil.

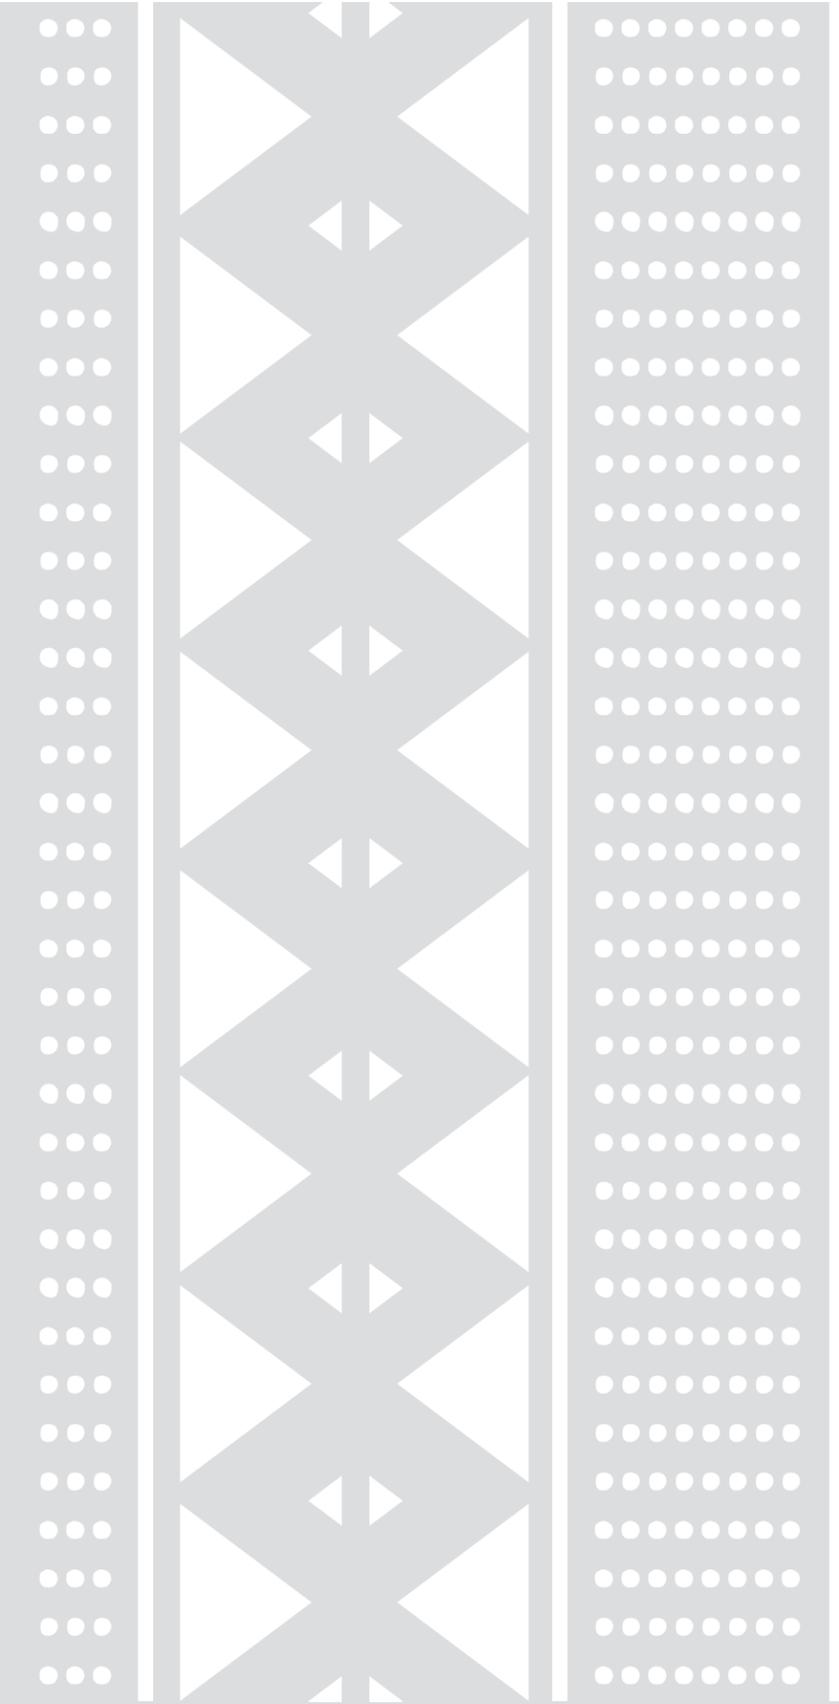

WAI PĀ FOUNDATION

The Waipā Foundation was established in 1994, years after the north shore community began to manage the 1,600 acre ahupua'a of Waipā. The active management of the ahupua'a includes agriculture, loko i'a, and educational and community uses. Waipā offers the opportunity for community members to connect with the 'āina and learn about Hawaiian culture, values and lifestyle through laulima.

Waipā has begun construction on the Waipā Poi Mill & Kitchen to support local farmers and food vendors. The Poi Mill & Kitchen will also enable more food related festivals, workshops, trainings, and education programs for youth at Waipā (Waipā Foundation, n.d.).

In CY14, PIDF's annual reported expenses were \$996.3K.

The mission of the Waipā Foundation is the physical and cultural restoration of the ahupua'a of Waipā.

SELECTED CAPITAL IMPROVEMENT PROJECTS

The table and map on this page highlight the approximate locations of various State and County capital improvement projects occurring Statewide and in the Region.

TABLE 38: Selected Regional and Statewide Capital Improvement Projects

Map Number	Capital Improvement Project	Budgeted
Regional County-funded Capital Improvement Projects		
6	Līhue Stadium Baseball Field Improvements	\$908,814
13	Hanalei Courthouse ADA Improvements/Sep System	\$721,258
14	Park Improvements & Equipment Hanalei District	\$292,324
	Parking LoVPlay Court Resurfacing	\$250,000
2	Kalawai Park Basketball/Tennis Resurfacing	\$200,000
15	'Anini Beach Park Improvements	\$200,000
4	Islandwide Pool Improvements	\$150,000
10	Kapa'a Stadium Improvements	\$150,000
Regional State-funded Capital Improvement Projects*		
7	Replacement of the Kapaia Stream Bridge along Kūhiō Highway	\$10,000,000
3	Renovation of the 'Ōma'o Bridge along Kaunualii Highway	\$16,250,000
12	Replacement of the Wai'oli, Waipā, and Waikoko Stream Bridges along Kūhiō Highway	\$25,000,000
11	Renovation of the Mailihuna Road Intersection and Kapa'a Stream Bridge along Kūhiō Highway	\$17,000,000
1	Renovation of the Hanapēpē River Bridge along Kaunualii Highway	\$12,000,000
5	Department of Agriculture Kekaha Irrigation System Improvements	\$5,000,000
Statewide State-funded Capital Improvement Projects*		
	DLNR Statewide Watershed Initiative	\$15,000,000
	Renew, Improve, and Modernize UH System Facilities Statewide	\$150,000,000
	Department of Human Services Improvements to Public Housing Statewide	\$99,710,000
Regional State-funded Capital Improvement Projects Proposed FY17 Requests**		
9	To construct housing and associated support spaces at Kaua'i Community Correctional Center (KCCC)	\$15,000,000
8	For maintenance, repairs, and related projects at KCCC	\$7,000,000
Statewide State-funded Capital Improvement Projects Proposed FY17 Requests**		
	Heat abatement improvements at public schools	\$30,000,000
	To address enrollment capacity issues at public schools	\$16,100,000
	Public school repair and maintenance to address school conditions	\$10,100,000
	Public school equity projects, including high school science facility upgrades and special education renovations	\$13,100,000
	Renovations at public school libraries, cafeterias, and administration facilities	\$10,600,000
	Health and safety projects at public libraries	\$1,500,000
	Improvements and modernization to UH Community College campuses	\$10,000,000
	Dwelling Unit Revolving Fund	\$25,000,000
	Rental Housing Revolving Fund	\$75,000,000
	Public housing improvements and renovations, including expedited repair of vacant units, statewide	\$31,000,000

Note: County-funded projects include selected projects categorized under Community Services, Culture and Recreation, and Special Recreation Facilities with a minimum value of \$250,000. Board of Water Supply (BWS) projects included are limited to capacity expansion projects with a minimum value of \$2.5Mil. Hawaiian Electric Company (HECO) projects included are limited to projects with a minimum value of \$10Mil or power purchase agreements for large-scale solar power projects. UH System and Department of Agriculture projects included with a minimum value of \$5Mil. County-funded Projects Source: City and County of Honolulu Ordinance 16-15, Bill 15 (2016), CD2, FD1. SELECTED DOE PROJECTS

The following table itemizes the funding that individual schools in the Region have received as well as lists noteworthy projects. These various improvements include major building construction and renovation, as well as smaller but noteworthy projects such as the renovation of campuses for Americans with Disabilities Act (ADA) accessibility improvements and new playgrounds.

TABLE 42: DOE Regional Capital Improvement Projects

School by Complex	Project Description	Project Cost
Waimea		
Waimea Canyon Middle School	Design and construction for a Covered Playcourt	\$1,500,000
Total		\$1,500,000

Sources: State of Hawaii House of Representatives, Twenty-Eighth Legislature, 2016; Hawaii State Department of Education Office of School Facilities and Support Services Factrak Portal, accessed March 8, 2017.

SCHOOL IMPACT DISTRICTS

Historically, private donations to support public school facilities in Hawai'i began with an 1831 donation of land by the Kingdom of Hawai'i for Lahainaluna High School. Agricultural plantations often supplied land and school buildings for worker communities. Following Statehood, land-approving agencies required school fair-share conditions from developers, who were required to provide land and/or funding to offset impacts, that residential developments would have on increasing student enrollment numbers.

In 2007, the Hawai'i State Legislature's Act 245 authorized the Board of Education to approve School Impact Districts. These districts are areas experiencing high growth; this requires new schools or the expansion of existing schools to meet the affiliated increase in school enrollments. Developments contributing to population growth in the District are required to pay a portion of the cost of providing new/expanded public schools. Commercial, industrial, senior housing, home replacement, or enlargement projects are all exempt from the fee. The fees collected are managed by the DOE Office of School Facilities and Support Services.

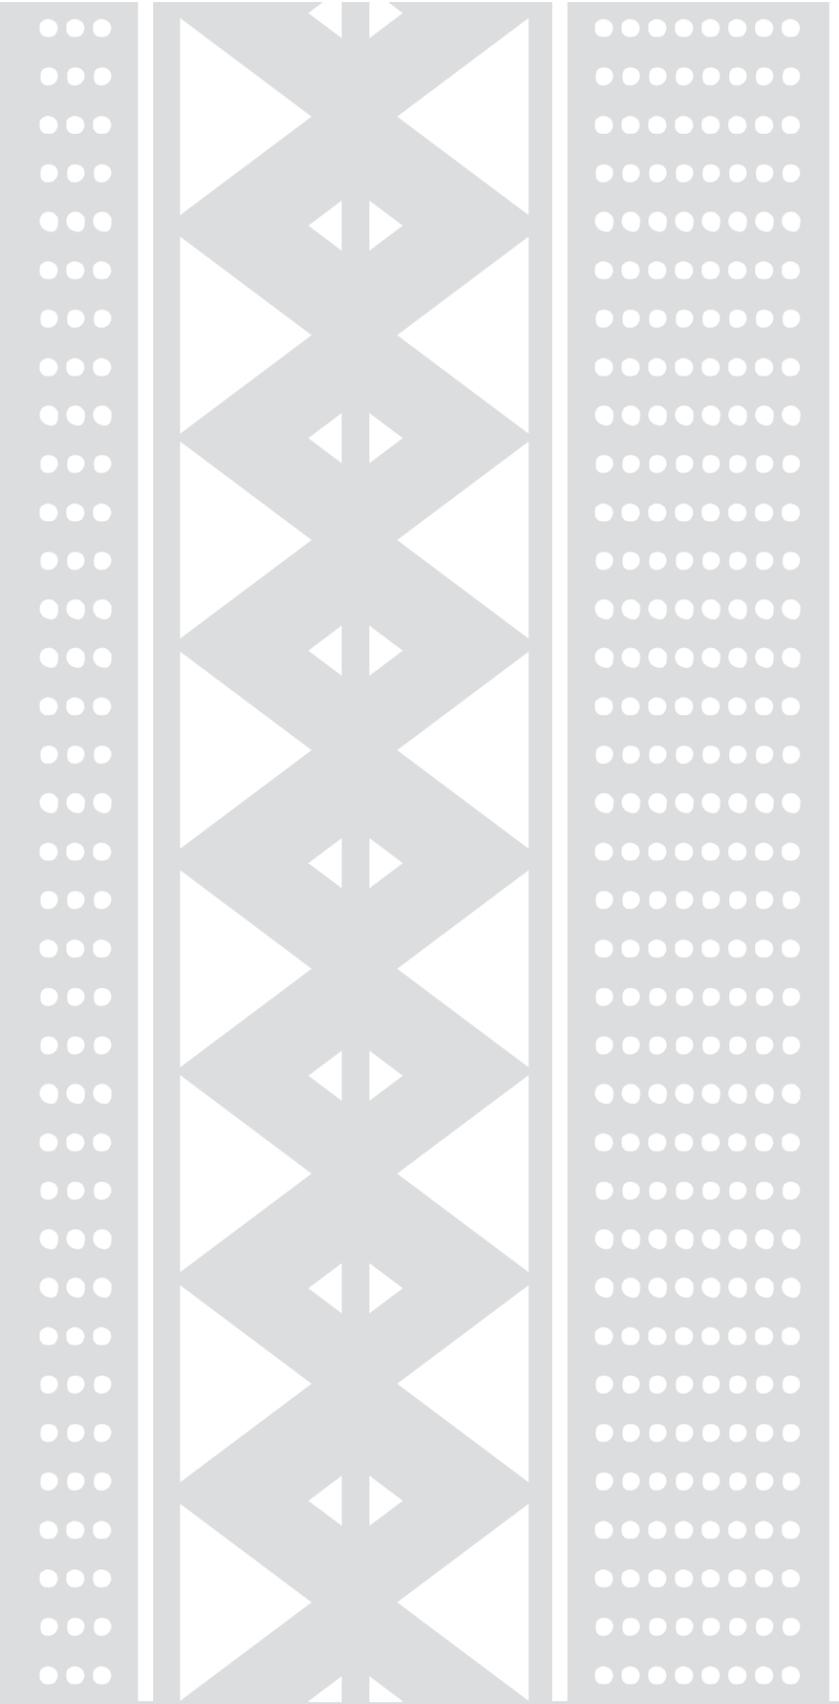

As of FY13, the State's four School Impact Districts include:

- Leeward O'ahu
- West Hawai'i
- West Maui
- Central Maui

TABLE 43: Future School Impact District Projects

Location	Future School	Acreage	Developer	
Kaua'i	Kukui'ula (Poi'pū)	1 Elementary	19	A&B
	Līhu'e - Hanamā'ulu	1 Elementary	15	Grove Farm

THIS PAGE INTENTIONALLY LEFT BLANK.

Section 5 provides an overview of selected attributes of land within the region. Such attributes including major land owners, State Land Use Designations, County Zoning, Critical Habitats, Important Agricultural Land designations, and Significant Streams help to provide additional context for stewardship of lands in the Region. Federal, State and County governments impose constraints on the use of land to protect the public health and provide for common benefit. It is important to note that KS voluntarily imposes constraints on the use of its lands to respect natural, cultural, and archaeological resources. Additional information to consider that is not available here are Special Management Area (SMA) zones, National and State Historic Register buildings, and U.S. Arm Corps of Engineers jurisdictional waters, etc.

5

KS IN THE REGION

THIS PAGE INTENTIONALLY LEFT BLANK.

MAJOR LANDOWNERS

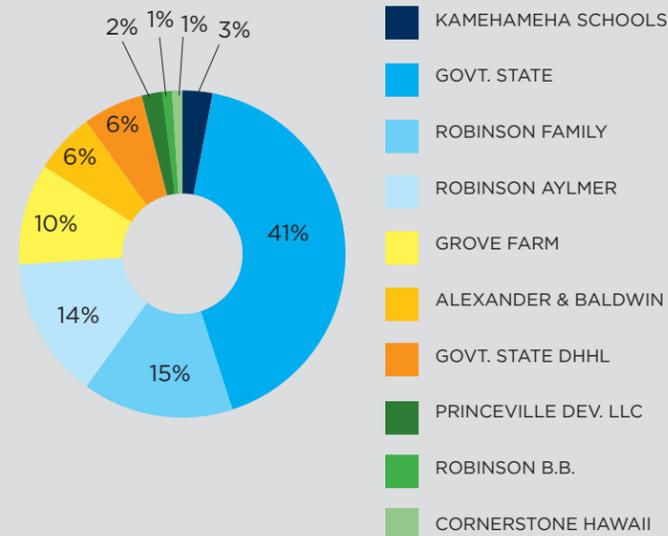

The table, chart, and map on this page provides information on the Region's 10 largest landowners. Except for KS, acres are estimates based on GIS calculations. KS acres based on KS General Ledger, Finance annual reconciliation for the year-ended 6/30/2016.

TABLE 44: Top 10 Major Landowners in the Region

	Landowner	Type	Island	Regional Acreage	Percentage of Top 10 Acreage	Statewide Acreage	Percentage of Statewide Acreage in the Region
1	Govt. State	Public	Kaua'i	135,944	41%	1,367,607	10%
2	Robinson Family	Private	Kaua'i	50,613	15%	50,613	100%
3	Robinson Aylmer	Private	Ni'ihau	46,026	14%	46,026	100%
4	Grove Farm	Private	Kaua'i	33,294	10%	33,294	100%
5	Alexander & Baldwin	Private	Kaua'i	21,013	6%	88,763	24%
6	Govt. State DHHL	Public	Kaua'i	19,491	6%	197,931	10%
7	Kamehameha Schools	Private	Kaua'i	11,726	3%	363,633	3%
8	Princeville Dev. LLC	Private	Kaua'i	6,504	2%	6,504	100%
9	Robinson B.B.	Private	Kaua'i	4,272	1%	4,272	100%
10	Cornerstone Hawai'i	Private	Kaua'i	4,265	1%	4,265	100%
Total				333,148			

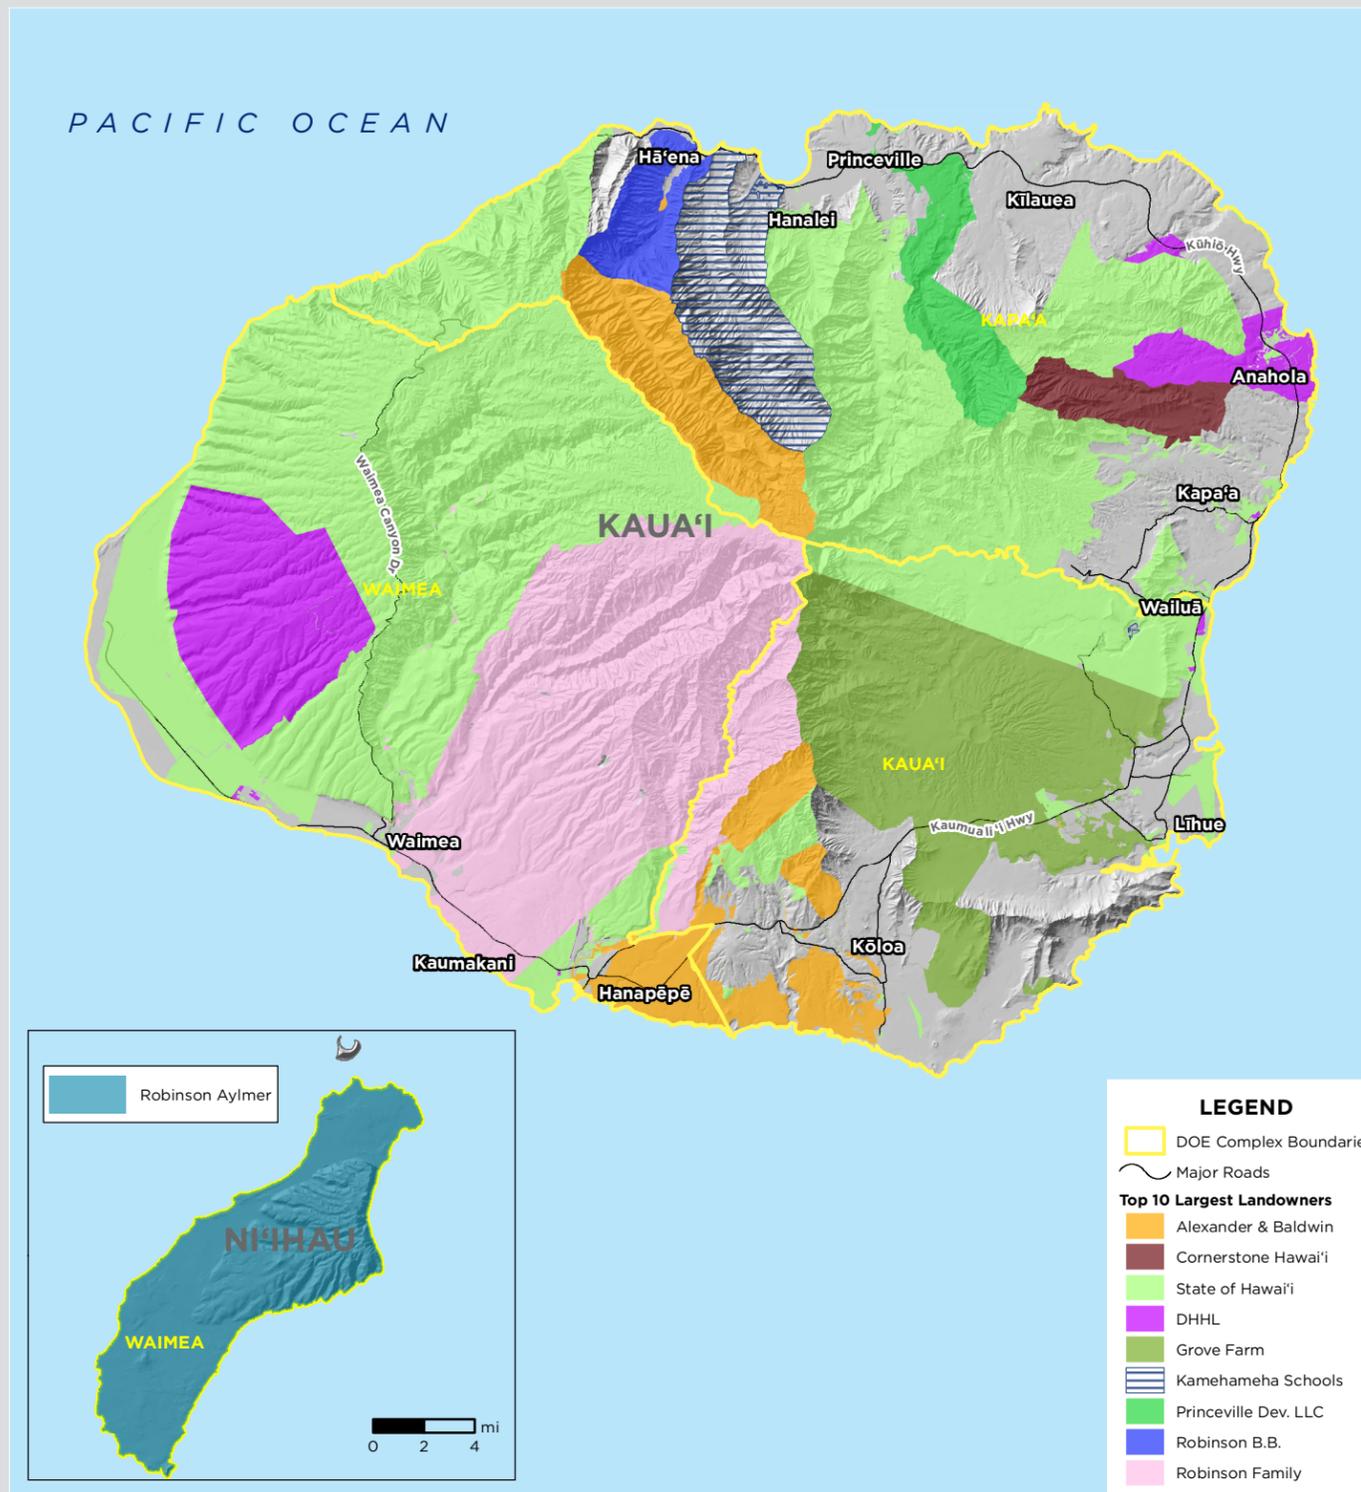

Note: "Top 10" refers to the Region's ten largest landowners.

 Major Roads from TIGER U.S. Census Bureau, 2014;
 Parcel layer and table information for Major Landowners retrieved from DBEDT, Statewide GIS Program, Office of Planning, State of Hawaii layer last updated 2013. Acres are estimates based on GIS calculations.

KS is the 7th-largest landowner in the Region

LAND USE CONSTRAINTS

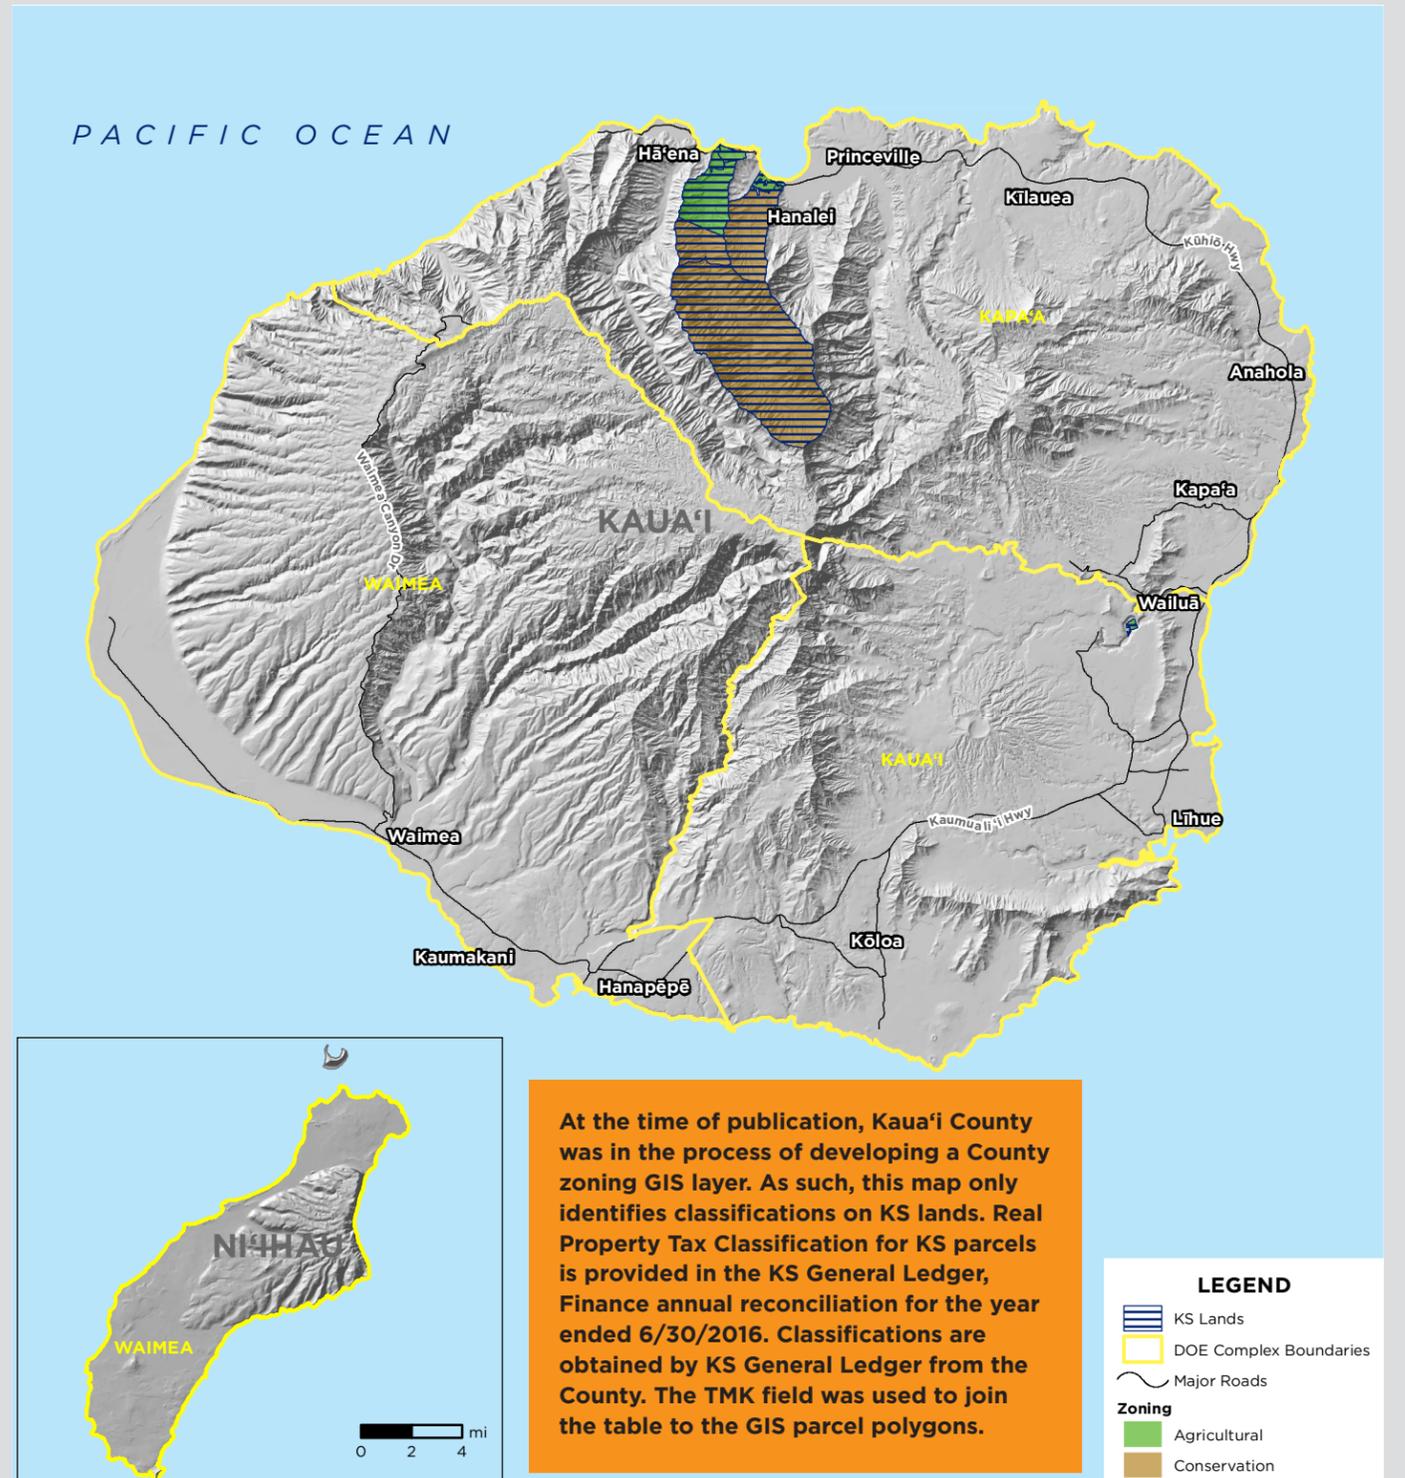

Federal, State, and County governments impose constraints on the use of land to protect the public health and provide for common benefit. These constraints include, but are not limited to, State Land Use Designations, County Zoning, Important Agricultural Lands (IAL), and critical habitat. Examples of other constraints for consideration include the Special Management Area (SMA) zones, National and State Historic Register buildings, and U.S. Army Corps of Engineers (USACE) jurisdictional waters. It is important to note that KS voluntarily imposes constraints on the use of its lands to respect natural, cultural, and archaeological resources.

MAP 14: State Land Use Designations

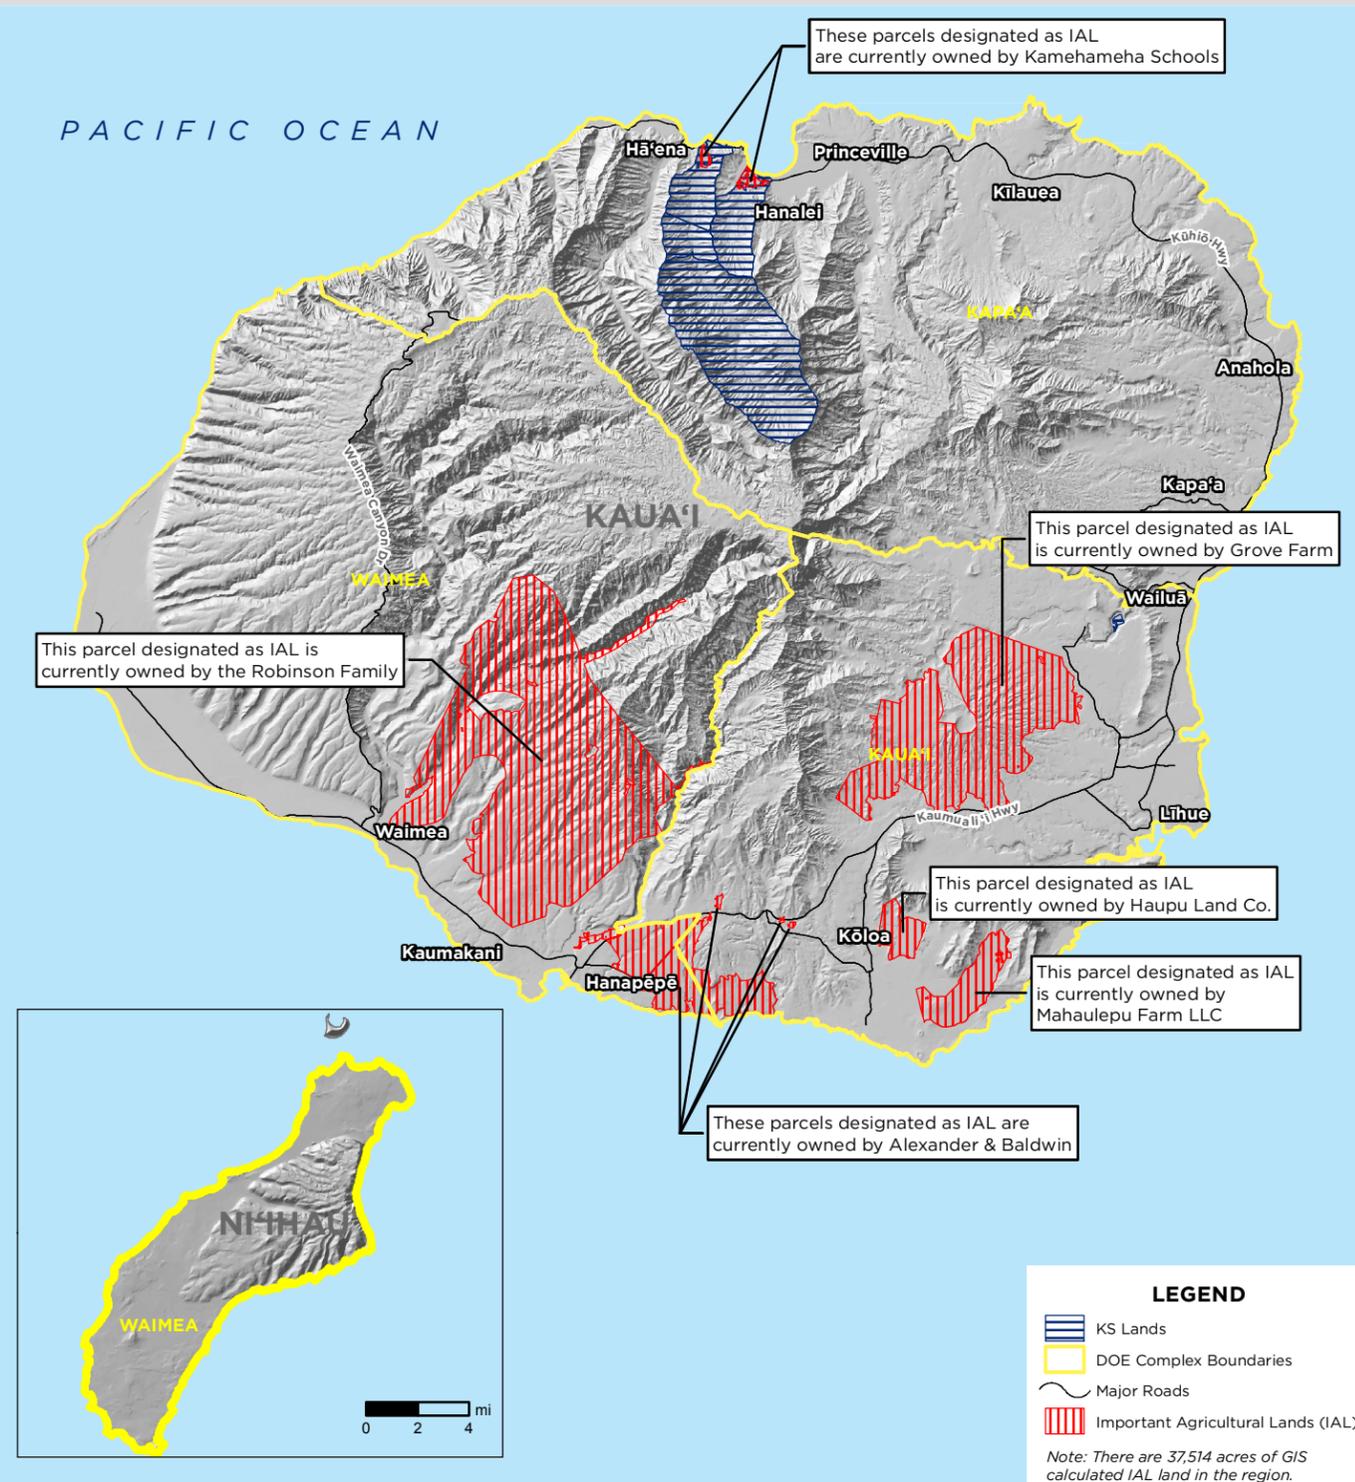

MAP 15: County Zoning on KS Lands

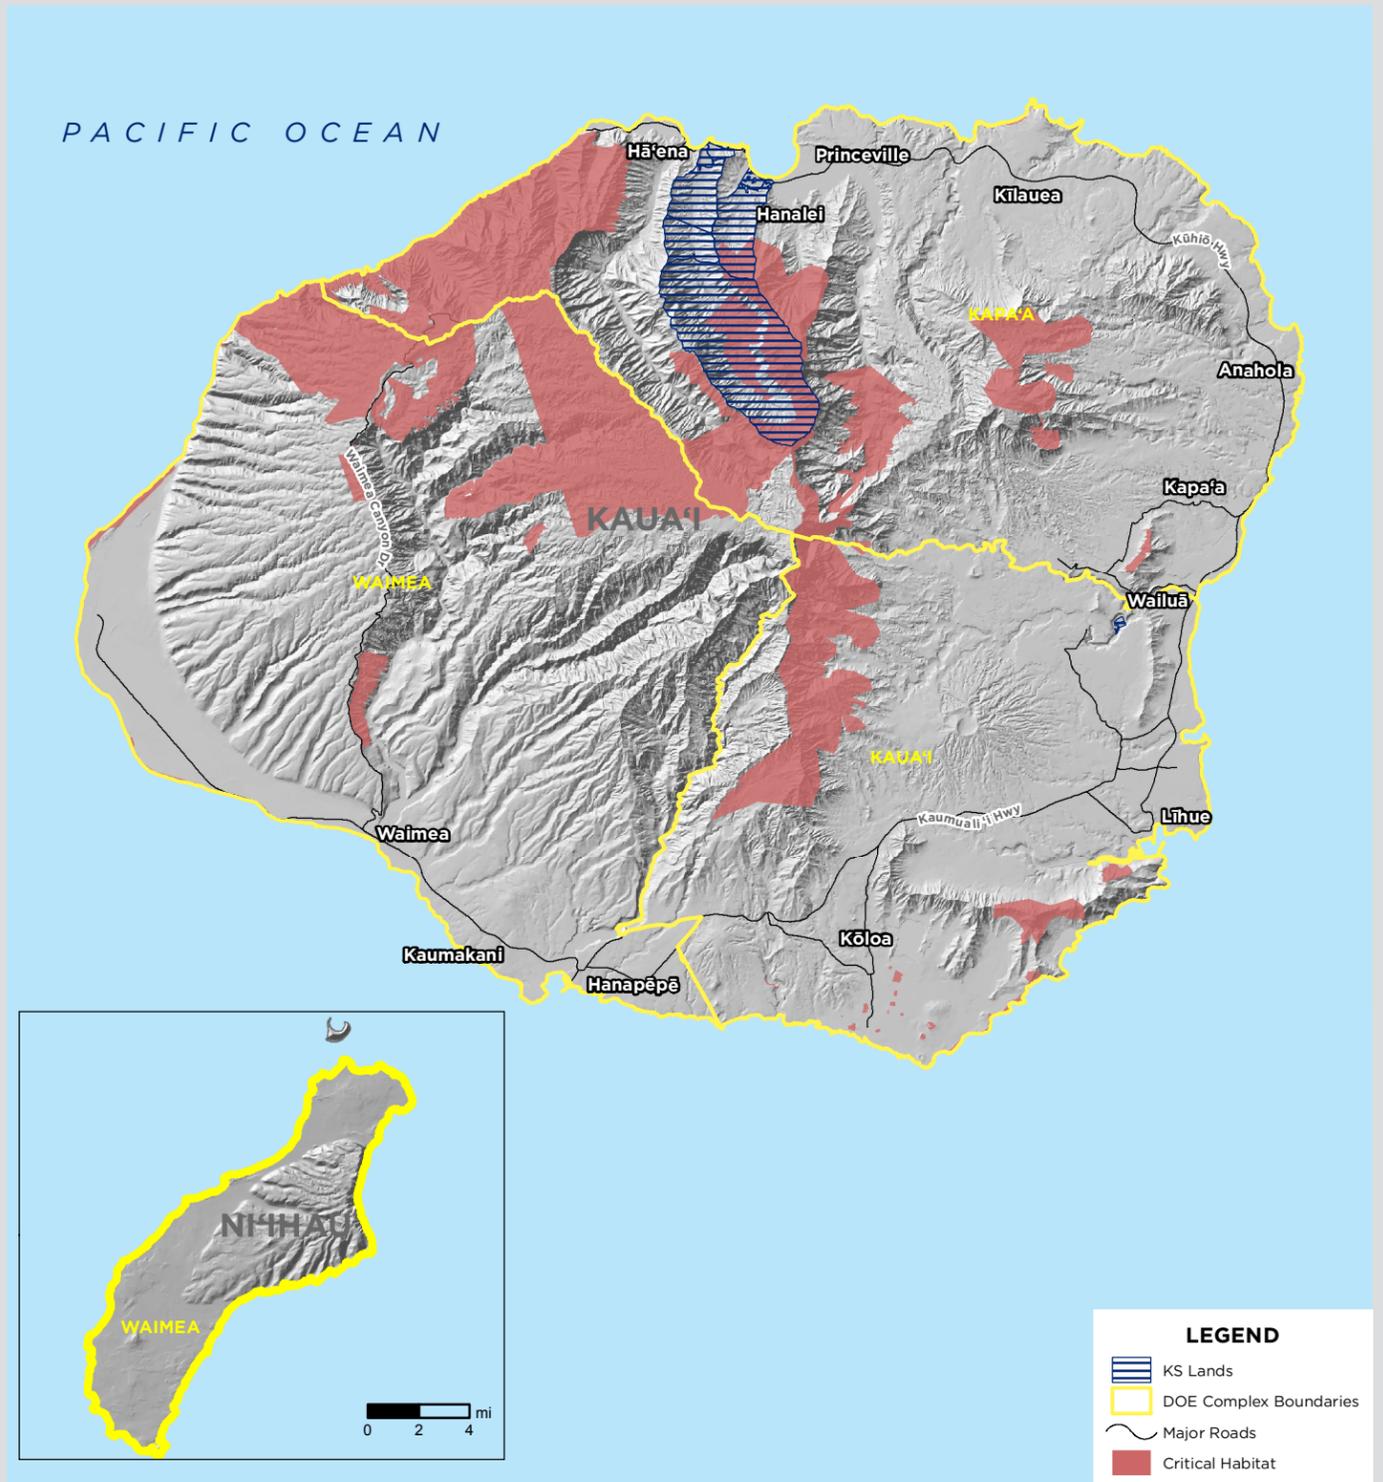

Sources: KS Parcels and Regions layers as of 3/2017 maintained by LIMS; KIC Parcels as of 3/2017 maintained by LIMS; KS Campus layer from DBEDT 2011; DOE Complexes from Hawaii DBEDT 3/2017; Major Roads from TIGER U.S. Census Bureau, 2014; At the time of publication, Kauai County was in the process of developing a County zoning GIS layer. As such, this map only identifies classifications on KS lands. Real Property Tax Classification for KS parcels is provided in the KS General Ledger, Finance annual reconciliation for the year ended 6/30/2016. Classifications are obtained by KS General Ledger from the County. The TMK field was used to join the table to the GIS parcel polygons.

'ĀINA AND RESOURCES

CE&R 'Āina and Resources comprise the majority of KS' landholdings and encompass lands zoned as agriculture or conservation along with adjacent rural residential and commercial uses. KS seeks to optimize economic, educational, environmental, cultural, and community returns through active management of these lands for sustainable food systems, renewable energy, hardwood forestry, water resource quality and quantity, native ecosystem integrity, and cultural heritage preservation. Land assets also serve as opportunities for rural economic development and, outside KS campuses, for interaction between KS and the community.

COMMERCIAL REAL ESTATE

KS does not own any commercial real estate in the Region.

APPENDIX

CENSUS DATA AND CAVEATS

A primary data source for the Regional Data Books is the U.S. Census. Census data are primarily drawn from the 2010 American Community Survey (ACS).

U.S. Census data was used to produce the KS Regional Prioritization Table, KS Strategy & Innovation Group's (S&I's) current and projected Native Hawaiian population tables and figures, and the various Native Hawaiian Population Density Heat Maps.

KS STRATEGY & INNOVATIONS GROUP (S&I) CURRENT AND PROJECTED POPULATION DATA

S&I provided customized 2010 Native Hawaiian population data by region for use in the Regional Data Books.

In addition, S&I prepared a population projection to the year 2040 based on 2010 U.S. Census Bureau data and State of Hawai'i vital statistics data. From the vital statistics data, recorded births with at least one parent claiming to be Native Hawaiian for the years 2011-2013 were tabulated and projected forward to develop an estimate of the potential future Native Hawaiian population in a region. These population projections help the reader to understand the rough order of magnitude of growth for both the learner population and beneficiaries and also helps to provide perspective on potential future conditions for a reader contemplating an action that may have effects that manifest over years or decades.

KS S&I REGIONAL PRIORITIZATION TABLE

KS Strategy & Innovations Group (S&I) data were used when available (largely for Native Hawaiian-specific state and region-level indicators). The use of KS S&I data is noted with an asterisk (*) throughout the Regional Data Books.

NATIVE HAWAIIAN POPULATION DENSITY HEAT MAPS

The Native Hawaiian Population Density "Heat Maps" present Native Hawaiian density data based upon a population model grounded in census CDP and census tract data that counts all Native Hawaiians in an area. It should be noted that:

- The heat maps may not include small Native Hawaiian populations (such as on DHHL lands) that fall below the model's threshold of 50 people per 1,000 acres.
- Each heat map displays Native Hawaiian population numbers scaled to the area represented in the particular map (state, county, or region).
- Native Hawaiian population numbers in *Maps 5 and 6* are sums of the population numbers present in the relevant CDPS and do not capture the total Native Hawaiian populations present.

NOTES ON UTILIZING THE ACS DATA:

- Native Hawaiian census data were identified using the census population group "Native Hawaiian alone or in any combination." This selection most closely resembles the KS definition of its beneficiaries. This is a self-reported measure and counts individuals who identify their ancestry to be fully or partially Native Hawaiian.

- The Kona O'ahu Region is composed of two CDPs and approximately 100 smaller Census Tracts (CTs). The "Census Tract" is an area roughly equivalent to a neighborhood established by the Bureau of Census for analyzing populations. "Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. A census tract usually covers a contiguous area; however, the spatial size of census tracts varies widely depending on the density of settlement." (U.S. Census Bureau, n.d.). Due to the large scale of the CDPs in the Kona O'ahu Region, data are presented at both the CDP and, when available, CT level.

THE FOLLOWING CAVEATS ARE IMPORTANT WHEN CONSIDERING CDP DATA:

- CDPs do not cover all land area in a region (as opposed to Census tracts, which do) and are, therefore, less suitable for developing region-wide observations. Census tract (CT) data, however, apply to the entire area covered by the tract, including unpopulated parts, and may incorporate multiple CDPs. As such, CTs do not provide as much insight into the population centers within all Regions except Kona O'ahu as may CDP data.
- CDP boundaries may not fully correspond to a local understanding of the full geographic extent of an area with the same name; generally, though, CDP boundaries reflect the primary population center of that area.

TYPES OF SCHOOLS

EARLY CHILDHOOD EDUCATION (ECE)

Early childhood education (ECE) relates to the teaching of young children from birth through age eight, particularly in the period before the start of compulsory education, which, in Hawai'i, is kindergarten.

ECE manifests in a variety of environments: group child care centers (licensed care provided in a center by an organization), family child care (licensed care provided in a caregiver's home), family-child interaction learning (programs that families attend with their children, and focus on family-child learning time), and home visiting (support services delivered in the family's home by an organization).

ECE providers are primarily private providers, although DOE does offer direct services for three and four year olds in special education. In Fall 2014, the Executive Office on Early Learning (EOEL) and DOE jointly developed a program that allows families to enroll their four-year old children in one of 21 prekindergarten classrooms at 18 public elementary schools across the State. The EOEL was established by Act 178 (passed as Senate Bill 2545) and signed into law June 2012. The law has government-wide authority to create a comprehensive and integrated State early childhood development and learning system. This DOE prekindergarten program was the first time Hawai'i designated State funds for prekindergarten education, and the program was designed to service 420 children who qualify based upon income (i.e., those eligible for free and reduced-price meals) and age requirements. Children must be age four on or before July 31 of the current school year to qualify. For school year 2017-2018, children born August 1, 2012 – July 31, 2013 are eligible.

DOE PUBLIC SCHOOLING

The Hawai'i Department of Education is the statewide public school district. It is comprised of 15 complex areas and 255 schools. Each complex area is made up of two to four school complexes, which encompass a high school, as well as the elementary and intermediate schools that feed into that high school (DOE Homepage, n.d.).

State-level offices report directly to either the Superintendent or the Deputy Superintendent and hold responsibility for curriculum, regulation compliance, student testing and support, data, civil rights, reform, military outreach, and communications. Complex Area Superintendents guide the work at the complex area level and report to the Deputy Superintendent.

CONVENTIONAL K-12 PUBLIC

Conventional public schools are run by DOE and offer direct services to children in grades K-12 and for three- and four-year olds in special education. As of August 2014, a child must be five on or before July 31 to enter DOE kindergarten classes—a change that is the result of Act 183 of 2010 and Act 178 of 2012, which notes that younger children may be more appropriately placed in a prekindergarten program.

PUBLIC CHARTER SCHOOLS

In the State, charter schools are public schools that are managed and

operated by independent governing boards under a performance contract with the State Public Charter School Commission. Funding is provided on a per-pupil basis separate from the DOE-operated schools. As such, public charter schools are open-enrollment schools that serve all students and do not charge tuition (Hawai'i State Public Charter School Commission, 2013).

START-UP CHARTER SCHOOL

Start-up charters are new charter schools established under the State Charter School Laws.

CONVERSION CHARTER SCHOOL

Conversion charter schools are existing conventional DOE schools that convert to charter schools and are managed and operated in accordance with Hawai'i State Charter School Laws. They can also be newly created schools that are made up of "programs or sections of existing public school populations that are funded and governed independently and may include part of a separate Hawaiian language immersion program using existing public school facilities" (Kua o Ka Lā New Century Public Charter School, n.d.).

HAWAIIAN-FOCUSED CHARTER SCHOOL

Hawaiian-focused charter schools provide learning grounded in the values, norms, knowledge, beliefs, practices, and language that are the foundation of Native Hawaiian culture.

PRIVATE

Private schools are supported by a private organization or individual(s). They can provide education at all levels along the educational continuum from ECE to secondary.

HAWAIIAN IMMERSION

Language immersion programs use a specific language as the medium of classroom instruction. Learners develop language proficiency through this method of instruction. Hawaiian immersion schooling is based partially upon 19th century Hawaiian-language schools and provides instruction to children, and often their family, in Hawaiian language and culture.

Hawaiian immersion schooling is provided at all levels along the educational continuum. 'Aha Pūnana Leo Hawaiian language immersion preschools provide programming at the ECE level.

Immersion programming at the K-12 level is provided through public or private schooling. Ka Papahana Kaiapuni, the DOE K-12 Hawaiian language immersion program, is located in conventional and charter DOE schools statewide. These programs implement a full immersion framework, with one hour of English per day; English is introduced as a content area starting in fifth grade (DOE Hawaiian Language, n.d.).

Students within the Kaiapuni Educational Program have recently been given a new Hawaiian Language Assessment: Kaiapuni Assessment of Educational Outcomes (KAEO). Prior, Kaiapuni students were given

the English-based Hawai'i State Assessment translated into Hawaiian language, while KĀ'EO was developed in Hawaiian. Under a USDOE-approved waiver from federal requirements for using a single statewide assessment for all students, grade 3 and 4 Kaiapuni students took only the KAEO in language arts and mathematics, and those students' scores are included in their schools' Strive HI academic achievement proficiency rates (<http://arch.k12.hi.us/school/strivehi/strivehi.html>).

As such, schools who only administered the KĀ'EO assessments for 3rd Grade were not included in the DOE data results tables in *Section 3 Education in the Region*.

HIGHER/POST-SECONDARY EDUCATION

The University of Hawai'i System is the State's higher education provider. The system includes ten campuses comprised of three Universities (Mānoa, Hilo, and West O'ahu) and seven community colleges (Hawai'i, Honolulu, Kapi'olani, Kaua'i, Leeward, Maui, and Windward). The System offers academic courses ranging from certificate and vocational programs through doctoral programs.

Higher education is also provided by private brick-and-mortar and online institutions.

ADULT EDUCATION

Adult education courses provide classes for adults not enrolled in a school, in a wide variety of subjects that can be academic or non-academic in nature.

DOE provides adult education courses for adult learners at community schools. Programming includes basic education, English literacy and civics, and General Educational Development (GED). The two main community school campuses are located on O'ahu and eight satellite sites are located throughout the State, including on O'ahu, Kaua'i, Maui, and Hawai'i.

Adult education classes are also provided by various public and private institutions including county departments of parks and recreation.

VOCATIONAL/TRADE SCHOOL

A vocational/trade school is an institution of higher learning that provides students with job-focused education and technical skill training.

EDUCATIONAL DATA AND REFERENCE DOCUMENT DESCRIPTIONS

The following provides brief descriptions of the non-census data sources that were used in Section 3 Education in the Region.

DOE STRIVE HI STUDENT GROUP PERFORMANCE REPORT

The Statewide DOE Strive HI Student Group Performance Reports for SY14-15 and SY15-16 were used as the data source for the percentage of all and Native Hawaiian students meeting the standard of proficiency in Science, English Language Arts (ELA), and Math for all grade levels. Student Group Performance Reports are provided to “examine disaggregated subgroup achievement against Strive HI Performance targets.” These targets are designed to “measure and better understand school performance and progress, and to help tailor rewards, supports, and interventions for school improvement” (DOE Strive HI, 2014).

DOE TREND REPORT: EDUCATIONAL AND FISCAL ACCOUNTABILITY

The Statewide and Complex DOE Trend Report: Educational and Fiscal Accountability reports for SY14-15 and SY15-16 were used as the source for a variety of data for all students, including free and reduced-price lunch; teacher qualifications; and high school retention, drop-out, and graduation rates. This report provides “three years of trend data on school, complex, and State performance at selected benchmark grade levels with performance indicators in areas relating to student achievement, safety and wellbeing, and civic responsibility” (DOE Trend Report, 2014).

HAWAI'I P-20 COLLEGE AND CAREER READINESS INDICATORS REPORTS (CCRI)

The Hawai'i P-20 College and Career Readiness Indicators Reports (CCRI) for SY14-15 and SY15-16 were used as the data source for college access and completion percentages and for the percentage of Class of 2015 and 2016 DOE high school students enrolled in the University of Hawai'i System that require remedial/developmental Math or English courses. The reports were developed by a partnership of DOE, the University of Hawai'i, and P-20; the reports present “information on how well Hawai'i's graduates are prepared to meet the HEDOE's Vision of a High School Graduate” (Hawai'i P-20, 2013).

DOE HAWAI'I STATE SCHOOL READINESS ASSESSMENT (HSSRA)

The DOE's Hawai'i State School Readiness Assessment (HSSRA) reports' Early Education Profiles were used as the data source for data related to Kindergarten Readiness, including kindergarten teacher qualifications, percentage of kindergarten students qualifying for free and reduced-price school lunch, and percentage of kindergarten students that attended preschool at both the Statewide and Complex Area levels. Note that data in the HSSRA are from principals and kindergarten teachers of schools that submitted the report only and do not include charter schools. The report is available at the State, complex, and school level.

The HSSRA assessment instruments “were developed by the School Readiness Task Force, in partnership with the Department of Education, Kamehameha Schools, and Good Beginnings Alliance,” and the reports provide “information on kindergarten children's readiness to succeed

in school and on the schools' readiness to support their learning” (DOE HSSRA, 2013). Note that the DOE has decided to discontinue the HSSRA report, and, as such, the last available reports for SY13-14 were used.

HAWAI'I P-20 PARTNERSHIPS FOR EDUCATION WITH DATA PROVIDED BY THE HAWAI'I DATA EXCHANGE PARTNERSHIP

SY14-15 and SY15-16 All and Native Hawaiian Student Enrollment and Concentration, Proficiency, Drop-out, On-time Graduation, and Postsecondary Enrollment Data.

The Hawai'i P-20 Partnerships for Education provided KS' Enterprise Information Management and Services Division (EIMS) with all and Native Hawaiian student enrollment and concentration, proficiency, drop-out, on-time graduation, and postsecondary enrollment at the State, Region, Complex Area, Complex, and school levels for SY14-15 and SY15-16 via special request in April 2017. Proficiency data includes 3rd grade ELA and Math and 8th and 11th grade ELA, Math, and Science.

Class of 2015 Dual Credit Earners Data

The Hawai'i P-20 Partnerships for Education provided KS' Enterprise Information Management and Services Division (EIMS) with all and Native Hawaiian Class of 2015 Dual Credit Earner Data at the State and Region level for SY14-15 via special request in October 2016.

HAWAI'I STATE PUBLIC CHARTER SCHOOL COMMISSION DIRECTORY

The SY15-16 Directory of Public Charter Schools was used to identify the location and grade levels served for DOE public charter schools across the State.

'AHA PŪNANA LEO WEBSITE

A list of preschools on the 'Aha Pūnana Leo website (www.ahapunanaleo.org) was used to compile a list and identify the location of Hawaiian language immersion preschools across the State.

DOE HAWAIIAN LANGUAGE IMMERSION/KAIAPUNI SCHOOLS WEBPAGE

The DOE's Hawaiian Language Immersion/Kaiapuni Schools webpage (<http://www.hawaiipublicschools.org/TeachingAndLearning/StudentLearning/HawaiianEducation/Pages/Hawaiian-language-immersion-schools.aspx>) was used to identify DOE schools—traditional public and charter—across the State that provide K-12 Hawaiian language education.

PEOPLE ATTENTIVE TO CHILDREN (PATCH) DATA

A list of preschools received by KS from PATCH in March 2017 was used to compile a list and identify the location of preschools across the State.

DOE EARLY CHILDHOOD WEPAGE

Lists of Head Start and P-3 preschools on the DOE Early Childhood webpage (<http://www.hawaiipublicschools.org/TeachingAndLearning/SpecializedPrograms/EarlyChildhood/Pages/home.aspx>) was used to compile a list and identify the location of preschools across the State.

KS PAUHI KEIKI SCHOLARS (PKS) DATA

Pauhi Keiki Scholars (PKS) data was used to compile a list and identify the location of preschools across the State.

HAWAI'I ASSOCIATION OF INDEPENDENT SCHOOLS (HAIS) DATA COMPILED BY KS

Selected SY16-17 from the Hawai'i Association of Independent Schools' (HAIS') was used by KS to compile a list and identify the location of private schools across the State. Additionally, the report was used to identify individual school total enrollment, tuition, student-teacher ratio, grades served, and whether the school is coed, all girls or all boys.

HAWAI'I CATHOLIC SCHOOLS WEBSITE

The Hawai'i Catholic Schools website (www.catholicshawaii.org) was used to compile a list and identify the location of private schools across the State.

STATE OF HAWAI'I DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM (DBEDT) GIS

A GIS layer entitled “Public Schools Locations” from the State of Hawai'i's Department of Business, Economic Development, and Tourism (DBEDT) dated December 2015 was used to compile a list and identify the location of public schools across the State.

NATIONAL CENTER FOR EDUCATION STATISTICS (NCES) DATA

Data from the National Center for Education Statistics (NCES) was used to compile a list and identify the location of postsecondary and adult training schools across the State. Additionally, NCES data was used to identify total and Native Hawaiian or Pacific Islander enrollment, tuition, living expenses, credits accepted, and graduation rates in the Kona O'ahu Regional Data Book.

PROXIMITYONE WEBSITE

Data from ProximityOne (www.proximityone.com) was used to identify Native Hawaiian or Pacific Islander enrollment for private schools during SY11-12.

UNIVERSITY OF HAWAI'I INSTITUTIONAL RESEARCH AND ANALYSIS OFFICE DATA

Data on the University of Hawai'i System was obtained from UH's Institutional Research and Analysis Office Data Access Portal.

KAMEHAMEHA SCHOOLS®
